The only place in this City where you CAN BUY A REALLY SUPERIOR
PIANO FORTE!
IS AT
175 East Water Street.
A LARGE ASSORTMENT OF
CHICKERING & SONS',
BOARDMAN & GRAY'S,
and other celebrated Pianos for sale at Manufacturers prices, which range from
$225 to $800
according to Size, Style and Finish.

The deservedly great reputation of those instruments has induced unprincipled men to counterfeit them, and many of their vile imitations are being offered for sale throughout the West.

The subscriber, to guard the public against imposition would state that he is the only Agent in this City for Chickering & Son's and Boardman & Gray's Pianos and the only person who has the *genuine article* for sale.

The certificates of Agency can be seen at his Warerooms.
☞ Old Pianos taken in part payment for new ones, and a liberal price allowed.

PIANOS TO LET.
Musical Instruments of every description.

NEW ROUTE
To the Eastern Seaboard!
ONTARIO, SIMCOE & HURON
[illegible]

THE NEW RAILWAY ROUTE across the Isthmus of Canada, from the foot of the Georgian Bay on Lake Huron, to Toronto, is completed, and a line of Boats, calling at Milwaukee and all the principal Michigan ports, has been chartered to run in connection with it.

The Steamers
KEYSTONE STATE, Captain RICHARDS, 1,600 tons.
LADY ELGIN, Captain CHAMBERS, 1,300 tons.
QUEEN CITY, Captain WATKINS, 1,200 tons.
NIAGARA, Capt. ———, 1,200 tons.

Will form a Tri-Weekly Line between Chicago, Milwaukee and Collingwood, the Northern terminus of the Ontario, Simcoe and Huron Railway, by which passengers will reach New York in Seventy Hours from Chicago, and the Route being so arranged that Night Travel will all be on board First-Class Boats. It will form the pleasantest route in existence to Eastern Cities.

The attention of Shippers of Freight, and Merchants generally, is especially invited to the Route, as by it shipments from New York will reach Michigan ports in from SIX TO TEN DAYS LESS TIME than by the old Route via the Erie Canal and steam around the Lakes.

Connections will be made with Steamers for Lake Superior and Green Bay.

An Office will be opened in Milwaukee at an early date. Meanwhile information may be had of Messrs. A. T. SPENCER & CO., Chicago, or of the undersigned.

TRANSPORTATION.

AMERICAN
Transportation Company.
CAPITAL, $900,000.

THIS COMPANY HAVING COMPLETED ITS ARrangements for a Transportation business to and from New York, Boston, Albany and Chicago and intermediate places, and believing that they can do the business cheaper, quicker and better than any other Company engaged in the business, owning all the propellers and boats to do it, solicit the patronage of the public. Goods will be shipped separately at New York for each line of propellers running from Buffalo, thereby ensuring greater dispatch avoiding delays at Warehouses, and damages in handling and carting.

They have purchased all the steam propellers and canal craft heretofore owned by the following lines, and their former owners have become stock holders in this Company—

THE MERCHANTS' TRANSPORTATION COMPANY. THE CLINTON LINE. THE NEW YORK AND CINCINNATI LINE. THE AMERICAN TRANSPORTATION COMPANY. THE WESTERN STATES LINE. THE NEW YORK AND WESTERN LINE. THE WESTERN LAKE BOAT LINE. THE TROY AND ERIE LINE.

N. Y. ADVERTISEMENTS.

FROM
Skillin, Visscher, Owen & Schell,
GENERAL NEWSPAPER ADVERTISING HOUSE,
No. 346 Broadway, New York.

Pure Unadulterated
BRANDIES.
DIRECT FROM THE GROWERS.

ONE OF THE PRINCIPAL AND GREAT CAUSES of the high price of brandy in this market, is the indirect source from which it is derived. Nine tenths of that imported is received from mercantile houses in Cognac, who buy of the farmers in that district and ship it to the United States, at much advanced prices, and frequently in an adulterated state. In view of these facts, and for the purpose of securing a fair price for their product, a union of brandy growers in France has been accomplished, with the view of shipment to the United States.

The name of the consolidation is the Central Society of Vineyard Proprietors of Cognac, under the "General management of E. Reddon, and the direction of a President, Vice President, and a Committee of Inspection of eight members. The society itself numbers five hundred vineyard proprietors, amongst them some of the most influential noblemen in the neighborhood of Cognac, who contribute, under certain by-laws, the entire growth of their vineyards to the general fund of the society, the present capital of which is three million francs. The advantages to be obtained from this combination are so apparent as to render unnecessary any further comment on the subject; nevertheless, it may be worthy of observation that few features in this society posses a more striking claim to public attention than the fusion of interest effected between buyer and seller. Since all are shareholders, it necessarily becomes the interest of each individual to contribute by every means in his power to uphold the reputation which the society is endeavoring to earn, for shipment of the best qualities of brandies. For this purpose a clause introduced in the statues (article 40) renders it imperative that shareholders shall supply the society with the very best Cognac brandies, otherwise they incur the liability of an entire forfeiture of their shares.

The undersigned, sole agents in the United States for the Central Society of Vineyard Proprietors of Cognac, would solicit the attention of merchants, hotel keepers, grocers and others to the vintages now on hand, confident that they will compare more than favorably with any article now in the market, and at prices far below the standard of even ordinary Cognacs.

No. 0 Kneeland's Block.
MILWAUKEE, WISCONSIN, MARCH 30, 1855.

INSURANCE EFFECTED UPON DWELLING HOUSes, stores and other Buildings, Household Furniture, Merchandise and other property, against

LOSS OR DAMAGE BY FIRE.

This is a new Company, organized the 26th of January last, on the Mutual plan, with the privilege by the charter of doing business on the Cash plan, upon either Fire or Marine risks; but to the present time the business has been confined to the Mutual system of Insurance, and the very favorable and flattering manner in which the same has been received by the Insuring Public, has induced the Directors to make it a purely Mutual Company. Besides this, it is believed that the recent failures of many of the Eastern Companies has been owing mainly to the combination of the Cash and Mutual System in one Company.

This Company commenced business with a capital of $50,000, and have already issued upwards of 200 policies, and it is believed that, with proper caution as to the selection of risks, and rigid economy in expenses, we shall soon be enabled to make this Company such a one as will generally be preferred.

The recent failures of several of the old Stock Companies, among the most prominent of which are the Protection and Columbus, although it is believed that their business was conducted in the most proper manner, has had a tendency to shake the confidence of many of the most reliable and prominent insurance men in the Stock plan of Insurance, and have induced them to believe that the only safe and reliable Companies are those conducted on the Mutual principle.

As it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the company will take none except first class risks and at such rates as are deemed fully adequate to the risk. Agents are also instructed not to take to exceed $1000 upon any one risk in Village, within a circle of 4 Rods diameter which of course will prevent very great loss at one fire.

Applications for Insurance, respectfully solicited.
☞ Agents wanted for the above Company.

Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,
Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, and your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected POSITIVELY BY LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we have not had a single dollar loss, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the Company.

MILWAUKEE MUTUAL
FIRE INSURANCE COMPANY.
Office in Martin's Block, Milwaukee.

Capital over $165,000—in Cash and Premium Notes.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

NEW ROUTE To the Eastern Seaboard!

ONTARIO, SIMCOE & HURON

THE NEW RAILWAY ROUTE across the Isthmus of Canada, from the foot of the Georgian Bay on Lake Huron, to Toronto, is completed, and a line of Boats, calling at Milwaukee and all the principal Michigan ports, has been chartered to run in connection with it.

The Steamers

KEYSTONE STATE, Captain RICHARDS, 1,600 tons,
LADY ELGIN, Captain CHAMBERS, 1,300 tons,
QUEEN CITY, Captain WILKINS, 1,200 tons,
NIAGARA, Capt. ———, 1,200 tons.

Will form a Tri-Weekly Line between Chicago, Milwaukee and Collingwood, the Northern terminus of the Ontario, Simcoe and Huron Railway, by which passengers will reach New York in Seventy Hours from Chicago, and the Route being so arranged that Night Travel will all be on board First-Class Boats, it will form the pleasantest route in existence to Eastern Cities.

The attention of Shippers of Freight, and Merchants generally, is especially invited to the Route, as by it shipments from New York will reach Michigan ports in from SIX TO TEN DAYS LESS TIME than by the old Route via the Erie Canal and steam around the Lakes.

Connections will be made with Steamers for Lake Superior and Green Bay.

An Office will be opened in Milwaukee at an early date. Meanwhile information may be had of Messrs. A. T. SPENCER & CO., Chicago, or of the undersigned.

N. Y. ADVERTISEMENTS.

FROM
Skillin, Visscher, Owen & Schell,
GENERAL NEWSPAPER ADVERTISING HOUSE,
No. 346 Broadway, New York.

Pure Unadulterated BRANDIES.

DIRECT FROM THE GROWERS.

ONE OF THE PRINCIPAL AND GREAT CAUSES of the high price of brandy in this market, is the indirect source from which it is derived. Nine tenths of that imported is received from mercantile houses in Cognac, who buy of the farmers in that district and ship it to the United States, at much advanced prices, and frequently in an adulterated state. In view of these facts, and for the purpose of securing a fair price for their product, a union of brandy growers in France has been accomplished, with the view of shipment to the United States.

The name of the consolidation is the Central Society of Vineyard Proprietors of Cognac, under the "General management of E. Redon, and the direction of a President, Vice President, and a Committee of Inspection of eight members. The society itself numbers five hundred vineyard proprietors, amongst them some of the most influential noblemen in the neighborhood of Cognac, who contribute, under certain by-laws, the entire growth of their vineyards to the general fund of the society, the present capital of which is three million francs. The advantages to be obtained from this combination are so apparent as to render unnecessary any further comment on the subject; nevertheless, it may be worthy of observation that few features in this society possess a more striking claim to public attention than the fusion of interest effected between buyer and seller. Since all are shareholders, it necessarily becomes the interest of each individual to contribute by every means in his power to uphold the reputation which the society is endeavoring to earn, for shipment of the best qualities of brandies. For this purpose a clause introduced in the statutes (article 40) renders it imperative that shareholders shall supply the society with the very best Cognac brandies, otherwise they incur the liability of an entire forfeiture of their shares.

The undersigned, sole agents in the United States for the Central Society of Vineyard Proprietors of Cognac, would solicit the attention of merchants, hotel keepers, grocers and others to the vintages now on hand, confident that they will compare more than favorably with any article now in the market, and at prices far below the standard of even ordinary Cognacs.

INSURANCE OFFICES

WISCONSIN

Home Insurance Office,

No. 6 Kneeland's Block.
MILWAUKEE, WISCONSIN, MARCH 30, 1855.

INSURANCE EFFECTED UPON DWELLING HOUSES, stores and other Buildings, Household Furniture, Merchandise and other property, against

LOSS OR DAMAGE BY FIRE.

This is a new Company, organized the 26th of January last, on the Mutual plan, with the privilege by the charter of doing business on the Cash plan, upon either Fire or Marine risks; but to the present time the business has been confined to the Mutual system of Insurance, and the very favorable and flattering manner in which the same has been received by the Insuring Public, has induced the Directors to make it a purely Mutual Company. Besides this, it is believed that the recent failures of many of the Eastern Companies has been owing mainly to the combination of the Cash and Mutual System in one Company.

This Company commenced business with a capital of $50,000, and have already issued upwards of 300 policies, and it is believed that, with proper caution as to the selection of risks, and rigid economy in expenses, we shall soon be enabled to make this Company such a one as will generally be preferred.

The recent failures of several of the old Stock Companies, among the most prominent of which are the Protection and Columbus, although it is believed that their business was conducted in the most proper manner, has had a tendency to shake the confidence of many of the most reliable and prominent insurance men in the Stock plan of insurance, and have induced them to believe that the only safe and reliable Companies are those conducted on the Mutual principle.

As it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the company will take none except first class risks and at such rates as are deemed fully adequate to the risk. Agents are also instructed not to take to exceed $1000 upon any one risk in Village, within a circle of 4 hundred rods diameter, which of course will prevent very great loss at one fire.

Applications for Insurance, respectfully solicited.

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, and your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected ENTIRELY by letting those alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months* we have not had a single *dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of Insurance.

Wednesday Morning, May 30.

SUPREME COURT DECISIONS.—The new telegraph line between here and Madison gave down [illegible] last evening, bringing us the decisions in Supreme Court for the day.

IMPORTANT DECISION.—We occupy considerable space to-day with the publication of the able decision of Judge Hubbell in one of the railroad cases. It is a paper of considerable importance to a great many of our readers, who are one way and another interested in the railroad tax question.

LA CROSSE RAILROAD.—PROPOSALS INVITED.—Contractors will find in our paper to-day an advertisement for proposals for the erection of a number of depot buildings, &c. along the line of the La Crosse R. R., between here and Horicon, and also for a bridge across the Rock River. We presume that none but men of energy, who are ready to take hold and drive the work along, are wanted to bid; for the road is bound to be open to Horicon by the 1st of October, *and no mistake*. The means are fully provided for doing this, and it is our firm belief that it *will* be done. If we could but anticipate the opening of the Horicon road to Berlin by that time or a little later, it would be a capital thing.

STRUCK SPEECHLESS.—We have recently published a paragraph to the effect that "on and after Monday last, the mails were to be carried by the Lake Shore R. R., instead of the boats, and that we were to have *two* mails a day. Our waiting eyes have not yet seen that blessed sight,—but quite the contrary, for no mail came yesterday by the cars, and, on going at evening to the Post Office, we had the satisfaction of learning that no mail was expected till this morning, as there was no day boat. And so, instead of getting our mails six hours earlier, they are to come twelve hours later! If that *is* it, then our sufferings is intolerable, and we shall put on a lead team express between here and Buffalo at once.

LATER.—We learn now that the Postmaster has gone to Chicago to try and straighten up things.

MILWAUKEE & MISSISSIPPI RAIL ROAD.—It is worth any man's while to pay a visit to the depot of the M. & M. R. R., in the Fourth Ward, and take note of the vast business done there.—Yesterday morning, for instance, the large freight warehouse was full of goods destined for the country—the wharf was piled up with lumber going in the same direction, and a score or two of loaded cars stood on the several side-tracks, waiting for the Iron Horse to hitch to; while the receiving platform, some 400 ft. long by 30 wide, was crowded full from end to end, with bags of grain and barrels of flour. There is, indeed, a lack of facilities to do the business. The Company need more cars and more platform room.—Fortunately, they have ample space to extend their accommodations, and are filling up lots, docking out, and laying side-tracks, as the business increases. Last year, they carried *twelve million* feet of lumber into the interior, and this year they will take from twenty to twenty-five million feet. The in-freights of grain and flour increase in a like proportion. The passenger receipts are also increasing, and now average $800 to $900 daily. The receipts of the road for the last ten days, have averaged about *three thousand dollars a-day*. And this, too, tho' it is only finished and open half way across the State!—What a tide of travel and traffic would pour along this avenue, were it completed to the Mississippi. And how important to our city that the prosecution of the road to its western terminus should be urged forward by every means within our reach.

Muzzling the Press.

Some of the gentlemen who occupy high places upon the bench in this country have made attempts of late years upon the liberty of the press which are worthy of the attention of the whole people, and which are very likely to receive that attention. The most notable instance of this high-handed conduct has recently occurred in Indiana, in a district which rejoices in a judge, remembered as one of the most foul mouthed representatives who ever disgraced his constituents in the Halls of Congress, and who, as *Senator* PETTIT, added deeper disgrace to his name, and earned the degree of "D. L." conferred upon him by Col. Benton.

A murder case was recently upon trial before him at Lafayette, and he issued the following edict:

"Ordered, by the Court as a *standing rule* of this Court, that during the trial of any murder case no newspaper of this county shall publish any ruling or pretended ruling, or any evidence, or pretended evidence therein, or ANY ARTICLE thereon.

"Ordered, that any violation of that rule, shall be a contempt of the authority of the Court, and shall be punished by fine or imprisonment, or both.

The result may be anticipated. The press of Lafayette refused to obey the unlawful edict, and the *Courier & Gazette* gave its readers a report on the following morning. The judge caused the editors to be arraigned in Court the next morning, and as they would not make any promises for the future, assessed against them a fine of $100 each.

The Lafayette *Journal* reviews the proceedings in a severe article, from which we take the following:

"The publication of '*any* article' in reference to the case, or any similar case, in this Court, is likewise forbidden. If it was meant that we should forbear discussing the merits of the case during the progress of the trial, the order is entirely gratuitous. Our sense of propriety is sufficient to teach us that much. But in the case it were not, it is not in the power of the Court to stop our mouth. The Constitution of the state expressly declares that no law (or order) shall be passed restraining the free interchange of thought and opinion, or *restricting the right to speak, write, or print freely, on any subject whatever*, holding us responsible only for the abuse of that right as in the case of libel.

The *Journal* calls to mind the following case, where a like edict was followed with a just vindication of the rights of the press:

During the progress of a trial for murder in San Francisco, three or four years ago, the Judge of the Court made an order prohibiting the publication of testimony. Walker, editor of the Herald, continued the publication in defiance of the order, and was arrested for contempt and thrown into jail. A mob broke open the jail, but he refused to come out until he was duly liberated by process of law. The legislature impeached the Judge for the act and removed him. Walker afterwards brought a suit of false imprisonment against him and recovered a verdict of *four thousand dollars damage*.

The St. Louis *Democrat*, after some comments upon the above case, says:

That which the Judges of England even dare not do, must not be permitted the Judiciary here to do. Two years since, Judge McLean, at Columbus, Ohio, made a similar order respecting the publication of the evidence on the trial of the Kissane gang. One journal, the Daily Sun of Cincinnati, did as the Courier and Gazette of Indiana have done, defied the Judge and treated his decree with the contempt it deserved. Judge McLean fumed & threatened, but like a wise man finding the law and the Constitution against him, retreated from his position and left the field to the victors. Judge and ex-Senator Pettit must receive a similar lesson.

THE FORAY UPON KANSAS.—We are very glad to learn from the St Louis *Republican* that Col. DONIPHAN, who was said to have taken part in the foray of ATCHISON and his gang of ruffians, is innocent of the charge, having been at home, attending to his own business, while those patent democrats were illustrating "popular sovereignty" in Kansas.

FEMALE PHYSICIANS.—Among the recent graduates from the Eclectic Medical Institute, at Cincinnati, we notice the names of four females—Mrs J. E. DUDLEY, Mrs. M. E. FINNEY, and Miss P. HYDE, of Ohio; and Miss S. S. STRICKLAND of New York.

WAUKESHA CIRCUIT COURT.
IN CHANCERY.

The Milwaukee and Mississippi Rail-road Company vs. the Supervisors of Waukesha County, the Town of Eagle and others.
Demurrer to Injunction Bill.

The Legislature of this state, on the first of April, 1854, passed an Act requiring "all Railroad Companies which were or should be organized within the state," to pay to the State Treasurer annually, for the use of the state, "a sum equal to one per centum of the gross earnings of their respective roads." The Act further declares that "this amount of tax shall take the place and be in full of all of the taxes of every name and kind upon said road, and the property belonging to the said Companies or the stock held by individuals therein; *and it shall not be lawful to assess thereupon any other or further assessment or tax for any purpose whatever.*"

Deeming this solemn Act of the Legislature unauthorized, the Assessors of the town of Eagle and of other towns in the counties of Waukesha and Milwaukee, returned the property of the complainants for the year 1854, and taxes were levied thereupon as if no such law had existed.

The complainants filed their bill, and obtained a writ of injunction out of this Court temporarily restraining the collection of those taxes. To this bill the defendants interposed a demurrer.

The question now to be determined is, whether this law is valid or void, under the Constitution of the state. There is, I believe, but one section of the Constitution applicable to the subject.—Section 1, of Article 8, is as follows:—"*The rule of taxation shall be uniform, and taxes shall be levied upon such property as the Legislature shall prescribe.*"

The defendants contend that under the law in question, "the rule of taxation" is *not* "uniform;" 1st, Because it establishes a rule of taxation for property belonging to the Companies mentioned, different from the general rule applicable to the taxation of other property—it being a tax upon *income*, instead of a rateable tax upon *value*; 2d, Because it levies a *State* tax, and exempts from town, county and district taxes; 3d, Because it establishes a new mode of levying taxes differing from the general rule. A point was also made, that the Attorney General ought to be a party defendant, but as that is a question of practice, and as I do not think the decree in this case will bar or affect the right of the State to collect the one per centum required to be paid to the Treasurer by the Act, I shall not discuss the question.

I am compelled to dissent from all the positions taken by the defendants. Their error arises in part, I apprehend, from looking at the first clause of the section quoted, without due regard to the remainder. The last clause qualifies and controls the first:

"Taxes shall be levied upon such property as the Legislature shall prescribe." No property can be lawfully taxed until the Legislature authorizes and requires it to be done—and, of course, no property can be taxed when the Legislature prohibits its being done. The legislature is vested with the absolute power of declaring what property property throughout the State shall be, and what shall not be, subject to taxation.

This power has been variously exercised from the first organization of the State Government; and almost every Legislature has restricted or extended the quantity or character of property coming within the rule. Large amounts, of both real and personal property, have been *wholly exempted* from taxation. For instance, all property of the United States, and of the State; all property of the several counties, cities, villages, towns and school districts, used or intended for corporate purposes—personal property exempt by law from execution, not exceeding in value $200; the personal property of all incorporated literary, benevolent, charitable and scientific institutions, and all such real estate belonging to them, as shall be actually occupied for the purposes of their incorporation; all houses of public worship and the lots on which they are situated; and the pews, slips and furniture therein; every parsonage and all burial grounds, tombs and rights of burial; all public libraries and the real or personal property belonging to, or connected with the same; also the property of cemetery associations; of the state and county medical societies; and probably, that of many other persons and corporate bodies, which I have not noticed. All this has been wholly exempted.

This exercise of power, on the part of the Legislature, has not, to my knowledge, been questioned, and there is no doubt that to this long list, the Legislature might have added, the property of all Railroad and Plank Road Companies. And, if it might exempt wholly, why not in part? The major power includes the minor. A general power to pardon, includes the right to annex conditions and to grant reprieves.

I see no reason why, upon this principle, the law in question, which operates as a partial exemption from general taxation, may not be valid. Regarding the annual payment to the state as a tax, as the defendants claim, why might not the Legislature grant exemption in all other respects? The law certainly is not void, because it is not worse, and does not confer greater privileges upon these companies—to-wit total exemption.

But I regard the payment to the State, not as a tax, but as a *bonus* or *Compensation* for the exemption granted. The whole substance and effect of the law is to relieve the Companies absolutely from all ordinary taxes for ordinary purposes, upon the condition of an annual payment to the State. Had the Legislature exempted their property from ordinary taxation, in consideration of their doing some service to the State—such as carrying troops or public stores free of charge, no one would call the service a tax, or question the validity of the exemption. It would be a privilege granted for a service rendered. This is the precise character and effect of the act in question. The same principle runs through various laws. In respect to these same Companies—because it was believed they would confer important benefits upon the public, by the construction of their roads, the right was granted to them, in the name and on behalf of the state, to take private property for their use, upon just compensation. For like reasons, a law was, until recently, in force, authorizing individuals to erect mill dams upon their own lands, and thereby cause the lands of others to be overflowed, making such compensation only as the law provided for. The various cases of exemption, before referred to, are but examples of the same principle,—a privilege granted in consideration of some real or supposed benefit conferred upon the public or the State. Now, the Legislature having full power to grant the privilege of exemption to these companies, has done it upon its own terms, that of paying to the State a portion of their annual income, and I see no ground of principle upon which to deny the power, or to question its rightful exercise.

But, allowing to the defendants the benefit of their own premises in their broadest scope, I am still forced to the same conclusion. It is contended that the payment to the State, being a tax, and the amount of such tax being regulated by the amount of annual income, while all other taxes are governed by the judgement of assessors as to the value of property, "the rule of taxation" is not "uniform."

Were the complainants alone subjected to this rule, I am not prepared to say the objection would be without foundation. But all Railroads and Plank roads are subject to the same rule.—It is, doubtless, a departure from the general law, and amounts to a declaration that this class of property shall have a rule by itself. But, is such a distinction incompatible with the Constitution? Many taxes for local and special purposes have been levied and collected, without an assessment made in conformity to the general law. Almost every town and especially almost every city and village in the State presents instances of this species of taxation, for roads, streets, side-walks, and other local improvements. The Constitution of the United States declares that "all duties, imposts, and excises shall be *uniform* throughout the United States." But no one has contended that the same duty, impost, or excise, should be imposed upon every species of property. On the contrary, Congress, which has the sole power, "to levy and collect taxes, duties, imposts and excises," requires different classes of articles to pay different duties,—some higher, and some lower—regulating the duty on some kinds of property, by the value, and on others, by the quantity. Yet, I have never found a judicial decision, holding that, because one class of property paid one rate of duty, and another class a different rate, the duties were not "uniform."

If, upon the same class of articles, there had been one rate required at New York, and a different one at Boston or New Orleans, doubtless the constitutional provision would have been violated. So, in the present case, had the legislature prescribed one rate of taxation, for one town or county, and a different rate for other towns or counties, there could be little doubt of its error. But, so long as each class of property, in every part of the State, and under like circumstances, is subjected to the same rule, it is difficult to see how the principle of the Constitution is violated, much less how the law is so grossly and palpably wrong, as to warrant the interference of the Courts, declaring it absolutely void. I see no constitutional objection to a law, (should the legislature see fit to pass one) exempting all sheep in the State from taxation, or to a law requiring all woolen or cotton factories, to pay to the State Treasurer one per cent. of their gross earnings, as a commutation for all ordinary taxes. Yet, should the legislature by law, declare the sheep of one man exempt, or authorise one manufacturing company to pay a bonus in lieu of general taxation, there would be good reason for holding that the rule was not uniform, and that such law was void.

Under any view which I have been able to take of this case, I cannot but regard the act of April 1st, 1854, (whether its provisions be wise and equal or otherwise,) as *within the constitutional powers of the Legislature*, and therefore *valid*.

The defendant's demurrer must be overruled.
LEVI HUBBELL.

A BRILLIANT LIGHT.—The St. Louis *Republican*, ascribes to D. J. Johnson, one of the U. S. Judges in Kansas, the following declaration of sentiments in regard to the condition of things in that Territory:

"At Weston, I stated there was no *Criminal Law* in force in Kansas Territory. At Leavenworth City, I stated that the old Territorial Laws of Missouri were not in force, and they were not in force, the *Common Law* was not, and if neither, then there was no adopted rule whereby men could be tried and punished for offences, in the Territory, save that rule based in the common weal and enforced by the strong arm of the people.

The learned Judge is entitled to a wooden gridiron or some other handsome and appropriate gift, for his discovery that in one of the regularly organized portions of our country there is no law but Lynch law.

BREADSTUFFS FROM CALIFORNIA.—In these times of scarcity of provisions and high prices for all articles of food, it is a pleasure to hear that California has something besides gold to send to the Atlantic ports. The accounts by the *George Law* to May 1st. represent that an export of 50,000 bbls. flour or its equivalent in wheat may take place, and still leave sufficient to supply the consumption up to harvest, which promises to be very large. The clipper-ship Charmer had nearly completed loading wheat and flour for New York. The Telegraph had also been laid on for the same port, and had about half her cargo engaged. She would probably take a full freight of flour and grain.

Vessels are also loading with Flour, Barley, Oats, &c., for Australia and the Russian Possessions.

Faulkner Defeated

Correspondence of the N. Y. Express.

FREDERICK.—Yes, I have had to whip Faulkner, for Congress. He is a pretty clever fellow; but he spoke disrespectfully of me.
Yours, &c., SAM.

"Sam" must look exceedingly foolish when he comes to see his letters in print. Faulkner, instead of being "defeated," is re-elected by from 4 to 500 majority, albeit he "spoke disrespectfully" of his high mightiness Sam.

THE COLLINGWOOD ROUTE.—The Oswego *Times*, speaking of this new and delightful route, says:

"This new route is extensively noticed by the Press, and no little public attention drawn to it. The steamer *Lady Elgin* from Chicago, arrived at Collingwood on Friday evening with a considerable number of passengers and a heavy load of freight. The proceeds of her passengers and freight are reported at $4,000. The Toronto *Globe* says the steamer for Oswego waited for her passengers an hour or two at that port, and took them on to N. York without the delay of an hour. The *Louisiana* and the *Niagara* arrived at Collingwood on Monday. Most of the passengers by these boats reach Toronto in time for Lewistown. The number of passengers both ways by this route is daily and rapidly increasing."

The *Keystone State*, the next steamer in this line, will leave here for Collingwood *this* morning. A gentleman who came up in her, on the last trip, expresses himself equally pleased with the boat, the officers, and the new route.

☞ A Southern paper sets down the recent marriage of Henry Blackwell and Lucy Stone, "under protest," to the score of "Retributive Justice," as thus:

RETRIBUTIVE JUSTICE.—Blackwell, who choked a lady in the cars and robbed her of a servant girl, has been married to Lucy Stone. Justice is sometimes slow, but always sure.

OREGON.—The democrats of Oregon have nominated Gen. JOSEPH LANE for delegate to Congress. The whigs have nominated Gen. J. P. GAINES for the same office. The democrats adopted a "Pierce and Nebraska" platform.

MORE MORMON IMMIGRANTS.—There arrived at Philadelphia on Wednesday last 937 immigrants, of whom 403 were Mormons, bound for Salt Lake City. It is intimated that if the population of Utah continues to increase at the present rate, it may soon apply for admission as a state.

WHEAT IN MICHIGAN—RAVAGES OF THE FLY.—The Detroit papers of Saturday last state that the fly is committing great havoc in the wheat fields of Michigan and that unless it disappears speedily, as sometimes happens, the harvest will be a light one. Mediterranean wheat, thus far, escapes, but fields sown with the white wheat suffer greatly.

THE STATE OF OREGON.—The people of Oregon vote in June upon the question of framing a State Constitution and applying for admission into the Union. By the time they can get a Constitution made they will no doubt have the requisite population to claim a seat at the family table of the Confederacy.

FAMINE PRICES.—Corn is selling in the Chickasaw Nation at $2,50 per bushel, while Flour can only be had at one or two places in the Nation, at $20 per barrel. No groceries are to be had, nor can any be obtained until there is a rise in the Arkansas, or Red River.

The President of the Chickasaw nation recently issued a proclamation, fixing the 19th of May to be observed as a Day of Fasting Humiliation and Prayer.

A LIVE YANKEE IN THE NOVA SCOTIA PARLIAMENT.—The telegraph from Halifax announced the election of our esteemed friend, Hiram Hyde, Esq., of Truro, to the Provincial Assembly of Nova Scotia. Mr. Hyde is a native of Sandy Hill, in the State of New York, and has been for some time one of the most enterprising and successful of the citizens of that Province. He has been for years the mail contractor, and has distanced all competitors, in spite of the unfavorable disposition of the Provincial government.—Five years ago he obtained the contract for establishing telegraphic communications between Halifax and Pictou, and astonished even his friends by completing the line in eight days from the commencement of putting down the first pole. He has subsequently established a line to Sydney across the Gulf of Canso. Four years ago he opposed a member of the government running for the Assembly from Truro, and came within half a dozen votes of beating him. We are glad that this time he has succeeded, and doubt not that he will prove one of the most popular and valuable members, though not a native.—[Boston Atlas.

THE WHEAT—PREVALENCE OF THE FLY.—Ten days ago the prospects of an unprecedented wheat crop in every section of the State were most promising. To-day the prospects are that in many sections the crop will be extremely light. We learn that in Hillsdale, Branch, St. Joseph, Cass, Berrien, Kalamazoo and Jackson, the fly has appeared, and is making sad havoc, often entirely destroying whole fields. Doubtless we shall hear of its ravages elsewhere, and it is greatly to be feared that all the older parts of the State will suffer severely.—[Detroit Free Press May 27.

THE CROPS IN SOUTH CAROLINA.—Extract from a letter dated Cheraw, S. C., May 17th, 1855: "We have had the most remarkable season ever known. There has been but one heavy fall of rain since the 10th of last September. The winter was cold and dry, and the spring cool and very dry, the dust not having been laid in nine weeks. Our farmers are in great tribulation about the crops. No seed will come up. The cotton never looked worse than at present. Large fields are being ploughed up to be planted over if rain comes soon, if not corn will be planted instead, for it will soon be too late to plant cotton."

☞ We notice that a number of men are grading preparatory for the foundation of the new Grist Mill of Messrs. Bassett and Sandford, and understand that they are going to prosecute the work with all possible vigor, until the mill is completed.—[Baraboo Republic, May 26.

GOOD TIME.—The steamer Western World came in from Buffalo yesterday at half past 12, with a large load of passengers, having made the trip in less than 15 hours. Quick enough.—[Detroit Advertiser.

NO RAIN YET!—No rain has fallen in this vicinity during the past week, nor does there appear to be a prospect of any. The gardens are burned up and the crops greatly suffering.—Waukesha Plaindealer, May 29.

☞ Lumbermen are all good natured. Black river has driven down some 25,000,000 feet of pine this spring, for which good prices are being realized.—[La Crosse Republican.

The Triumph of Obstinacy.

Translated from the Courier des Etats Unis.

Several Englishmen established at Lyons, met on the 19th of April to offer a splendid banquet to one of their countrymen, Mr. Arthur Flemming, a rich merchant of London passing through Lyons, who had just spent eleven months in prison in one of the four Free Cities of the German Confederation. The following are the particulars of the adventure, which may be relied on as true and which do honor to the phlegm and obstinacy so peculiar to John Bull.

About a year since, Mr. Flemming, in his travels, stopped two days at Frankfort on the Maine, in one of the most noted hotels in that city.—The third day, being about to leave, he demanded his bill and was astonished to find it reach the sum of two hundred and fifty francs. He refused to pay it, and offered half the amount.—The landlord would not accept it, and as the laws of the country authorize imprisonment for the smallest sums, he declared that he would use his right; supposing that at the first word about prison the sick traveler would permit himself to be cheated without a complaint. Never was any Boniface more mistaken. John Bull absolutely refused to pay and so was marched off to prison.

If the laws of Frankfort permit imprisonment for debt, they also demand that the creditor shall furnish to the debtor, during the whole time of his detention, not only food and a bed, but in addition clothes and all of the accessaries used in the toilet of a gentleman. Of course Mr. Landlord was compelled to furnish these things, and as can be easily supposed, John Bull was not very careful of his wardrobe. He wore out so many coats, overcoats and used up so much linen, that at the end of the eleven months Boniface found that he had expended for his victim about 20,000 francs. He then began to reflect, and, perfectly enraged, ordered the jailer to let Mr. John Bull depart in peace.

Mr. Flemming's intention was not to abuse his triumph to save money. Proud of having conquered, the first usage he made of his liberty was to give to the poor of Frankfort double the sum that his unfortunate creditor had spent for him.

All will agree that Mr. Flemming merited the honor of the banquet, particularly those who have been imposed upon by the extortionate Landlords upon the continent.

The Old Tontine Coffee House.

This ancient building is to give place to a splendid edifice, about to be erected by Mr. Aspinwall. In 1792, a number of our wealthiest citizens associated together and built the Tontine, which was used as an Exchange for 50 years, when it was converted into stores and offices.—There were originally over 300 nominees, the number is now reduced to 52. The subscribers appointed one nominee to each share, and it was agreed that the whole property should vest in the survivors when the number is reduced to seven. The following is the list of the surviving nominees, being scions of our oldest families:

AND STILL THEY COME.—The immense tide of emigration setting toward the northern and western portion of our State, Minnesota and Iowa, is absolutely astonishing. For nearly three months heavy wagons with their white coverings have been almost constantly wending their way through the streets of our town, bound for the regions north and west. Persons who have taken pains to ascertain the number passing, inform us that over 100 head of stock passed here. It is probable that there is an average of five persons to each team, which would make five hundred souls per week, bound to the unoccupied lands to carve out new homes and make "the desert blossom as the rose."

On Monday last, we were surprised by a visit from our old friend, Mr. Lees, formerly a representative from Waukesha Co., who informed us that in company with several of his old neighbors, he was emigrating to Buffalo Co., (Wis.,) north of La Crosse. There were seventeen large wagons in their party, about 300 head of stock. They had sold their improved farms in Waukesha, to find a larger field in a newer section of our beautiful state. Of this class is a large portion of the emigrants who are occupying and opening the country north and west of us. The destinies of a state could not be in better hands.—[Portage City Badger State, 26th.

"MANIFEST DESTINY."—The Spring tide has fairly turned into these "upper waters." The Old Mississippi is literally alive with boats, rafts, stock, merchandise, and all mankind generally. Emigration, there is no end to. The Galena Gazette says a thousand persons pass through that town daily, on their way northward. The *heft* of these go on to St. Paul, but the 'captains' tell us, that more people and goods, put off at La Crosse, that at any place between St. Paul and Dubuque. We should judge that seventy-five to a hundred persons stop here every day, most of them are new settlers, accompanied by their families, traps and implements for farming. Where they come from, or where they go to, seems a marvel, but the Land Office tells the whole story.—[La Crosse Democrat.

MAINE LAW IN MICHIGAN.—The liquor shops are closed pretty generally, though a few are dealing out on the sly. Some are under indictment and will be dealt with promptly. Every day adds to the number, and, therefore, every day decreases the amount of violation. At first, various dodges were attempted, and liquor, real blue ruin, was sold under the name of pop, ginger beer, burnt cider, vinegar, and a thousand other names signifying something to take. But when they saw the spirit of submission taking a strong hold upon the mind of the public, and when one after another was hauled up to answer for their violations, they became slightly tremulous, and concluded that it was at least safe to keep out of the way of retribution. Almost everybody is gratified at the result, and so far as sympathy goes, will do valuable service in sustaining the law.—[Detroit Inquirer, May 26.

WHAT IS GOING ON ABOUT STEVENS POINT?—The *Northerner* is making regular trips to Little Bull and back, with loads of passengers and Merchandize. The boys are cutting out that road to Black River, and taking up the choice locations along it—as at the crossing of Mill Creek, Yellow River, &c.—Messrs. Morrison & Perkins are making some 40,000 feet of boards a day at their new Mills, (the old Shaurette rebuilt,) besides any quantity of laths. The Steam Planing Mill is in full blast, and cannot fill half its orders.—Helms is receiving mountains of Fresh Goods.—Messrs. Kollock and Meyers run stages, *through in a day*, to Portage city. The Land Office takes on an average, some 3,000 dollars a day. It is beginning to rain; it will take quite a shower to raise Old Wisconse—Balance next week.—[Stevens Pt. Pinery, May 24.

INFORMATION WANTED.—About the 15th inst. Thomas McWhr left Milwaukee to go a short distance into the country, and has not been heard from since. He was in ill health at the time, and his wife, who is now in this village among strangers, is anxious to hear from him. He is an Irishman, about 20 years old, nearly six feet high, dark curly hair and light whiskers. He wore a blue pilot cloth sack coat, gray pants, dark vest, light-colored cloth cap and laced brogans. Any information of him will be thankfully received by his wife, at this village. Milwaukee papers please copy.—[Waukesha Plaindealer.

EMIGRATION.—The Commissioners' Report this week shows that during the seven days past only 3,364 emigrants landed at New York, making a total for the year of 40,464. During the same time last year there arrived 87,922, or more than double the number. It is urged with a show of reason that foreign emigrants, by their competition, deprive our own people of employment and wages. But the facts show that industry stagnates most and times are "hardest" in such years, and in such States, as emigration most falls off. Compare 1855 with 1853 or 4, or compare Virginia with Wisconsin, for proof.—[Albany Eve. Journal.

DROWNED.—We are sorry to learn that Mr. Colt, of Newport was drowned in the Wisconsin River, a few days ago.—It appears that a party were in bathing, and Colt attempted to swim across the river and back, but on his return his strength gave way, and he cried "help," but before any of the party could reach him, he was swept under the tide, and was drowned.—Baraboo Republic, May 26.

"BREAK EVERY YOLK."—Twelve hundred and sixty-three dozen foreign eggs were entered at the Custom House, Boston, from the Provinces, on Monday, free of duty under the reciprocity treaty. A similar importation from France was announced the other day. Is this an attempt of the Pope to impose a foreign "Yolk" on free American necks?—[Albany Atlas.

☞ Rain, which is again badly needed, fell in brief light sprinkles, yesterday, but hardly sufficient to lay the dust. Unless abundant showers are enjoyed soon, the growing crops must greatly suffer.—[Madison Democrat, 28 inst.

CITY MATTERS.

CIRCUIT COURT—May 29.

JUDGE HUBBELL, PRESIDING.

The motion for a new trial made in the case of George Santee, (colored) charged with participation in the affray at the ten mile house, in this county, was allowed yesterday.—Santee will be tried at the September term.

The trial of Goodman for shooting with intent to kill was next commenced and went to the jury at 5 P. M.

The motion for a new trial in the case of Geo. Bryan was overruled. The Criminal Calendar was finished yesterday afternoon. The Court this morning commences upon Chancery cases, which will be call in their order.

HOLLOW BRICK MACHINE.—We saw yesterday at the Wisconsin Iron Works, on the Water Power, the machine mentioned yesterday, and for which A. J. LANGWORTHY, associated with another, has applied for a patent. The object desired being the application of a tremendous pressure upon a small surface,—the material to be compressed being lime and sand in certain proportions,—of course great *strength* of machinery is necessary; and yet, to be useful, the machine must be portable and compact, occupying but a small space.

The inventor of this machine seems very fully to have attained the desired end. The machine occupies a space of about 3 feet square by 4 ft. in length, and weighs 1500 lbs, being carried on small iron wheels. The process of working is very simple. Two moulds of very hard and planed iron, are seen at the top of the machine, into which the material is thrown. The thickness of the brick is regulated by moving the bottom piece of the mould up or down. The mould being full, the turn of a wheel slides over it a solid iron cover, which is secured from rising by being grooved into a massive iron upright. This done, the operator, by the use of a lever, acting upon a combination of joints somewhat similar to those of the printing press, forces *up* against the bottom of the mould a pressure of over 100 tons. A turn of the wheel slides off the cover, and another lever raises the bottom of the mould with the brick to the level surface, whence it is taken off, to be hardened into stone by the action of the atmosphere. While one operator is raising the mould and taking off the brick, in much less time than we have taken to tell it, another one, at the other end of the machine is applying the pressure, and bringing another brick into form, so that two men can keep steadily at work.

Altogether, it is a very ingenious piece of work, and, as this new style of brick seems likely to come extensively into use, will prove to be an efficient machine for the purposes. Those interested are desired to call and see it.

BOARD OF TRADE—THE STRAIGHT CUT.—We have no time to write out the proceedings of the Board last night. Ex-Mayor Kilbourn made a long statement on behalf of the contractor, the summing up of which is that unless he can get $10,000 for another dredge, he cannot do the work as required and very much needed.

We don't believe it. If the present dredge is put steadily at work, and a sufficient force employed to carry off the earth, we believe that the job could be completed before October.

LAUNCH.—The beautiful schooner *Fannie & Fly*, of about 160 tons, just completed by Capt. BARBER, was launched yesterday afternoon, full rigged except sails, taking the water handsomely. She is one of the finest vessels of her size that ever floated in the waters of our river.—Her owner is J. B. SMITH, of this city, and she is to be used by A. SWEET, in attending to the wants of his agents and employees, in erecting the government lighthouses, for which he has the contract.

MALICIOUS MISCHIEF.—Some graceless scoundrels destroyed the shade trees in front of Mr. J. R. Treat's dwelling on Milwaukee street, during Monday night. He offers $25 for the detection of the rascals.

"ANOTHER MAN, SIR!"—The *Free Democrat* says that SPALDING & FOOTE, and not the BABCOCKS, were the carpenters on the handsome new store mentioned by us yesterday.

☞ H. C. ADAMS, banker, makes several announcements in his advertisement, of interest to those who deal in filthy lucre and other things cognate thereunto. See his card.

LOST NECKLACE.—The finder of such an article is directed by advertisement as to where he can find the owner.

CRICKET.—The Milwaukee Cricket Club meet for practice at their old grounds on Spring St. Hill *this* afternoon at 3 o'clock. The general and punctual attendance of members and others interested in the game, is invited.

FOR BUFFALO.—The steamer *Key Stone State*, one of the Collingwood line, will leave for Buffalo this morning, calling at all the intermediate ports. For passage apply to O. D. Colby, three doors from American Express Co. office, on Huron Street.

PUTNAM'S MAGAZINE.—The Boston *Atlas* says that the forthcoming June number of Putnam will contain several original articles of unusual merit and among them an exquisite piece of poetry by Bryant.

FOR BUFFALO.—The steamer *Globe* leaves this port for Buffalo at 7 o'clock *this* evening. For passage, &c., apply to Mr. J. Griffin at his office on Huron Street.

FOR GREEN BAY.—The steamer *Cleveland* is to leave our port for Green Bay *this* evening, at 7 o'clock, touching at Manitowoc and Two Rivers.

PROMENADE CONCERT.—Our readers are reminded that the first of the series of Promenade Concerts will be given at Young's Hall *to-night*. For particulars see advertisement.

DISCHARGED.—William Foley, who was sent to jail about two weeks since for threatening to kill his wife, was yesterday discharged from jail, on his giving security for his good behaviour for three months.

"THE GREATEST MUSICAL BOOK IN THE WORLD."—We like the modest tone of this advertisement. No self-praise or conceit about it, but only a proper appreciation of one's own work.

NEW BOOK FOR AGENTS.—Book pedlers are directed to an advertisement which may interest them, in our columns to-day.

☞ REED has several notices of new stock to-day in his locality,—"which see, and make a note of."

ATTENTION WANTED.—The attention of our city Fathers is affectionately invited to the necessity of some stringent ordinance regulating the manner of getting vessels through the city bridges. This business of allowing vessels to take their own time—half an hour or more—to haul through the draw, when steam power is within two rods of them, keeping hundreds waiting on each side until the captains please to allow the bridge to be closed, is getting to be an insufferable nuisance. And, if we get a proper ordinance, let us have a Harbor Master to attend to the enforcement of it.

There are several items of business which such an officer ought to attend to; for instance, to prevent piles of dirt from being thrown into the river, as the hands on steamer *Globe* did last Sunday, to the amount of five or six loads,—and to preventing one vessel from crowding another in the draw, as the propeller *Illinois* did yesterday morning to an extent which made the bridge crack again.

THE STATE OF THE PUBLIC HEALTH.—It gives us no little pleasure to say that the country generally, was never blessed with a greater measure of health, than it is at this present writing. We hear of no prevalent sickness anywhere.—The cholera, which made its appearance upon the Missouri and the Mississippi Rivers some three or four weeks ago, seems to have vanished altogether. A few cases were reported in St. Louis some days since, but they are readily accounted for by the noisome locality where they occurred, and the filthy habits of the people who were the subjects of the disease. We know of no point in the Valley of the Mississippi, where disease of any kind prevails. Our own city shares in the general blessing. For the season, it enjoys a singular exemption from any form of sickness. Thus far not a single case of cholera has been reported by our physicians, and nothing approaching it has come to our notice, except those slight derangements of the bowels, to which many persons are subject every season in the beginning of the warm weather.—[Chicago Dem. Press, May 29.

THE EGG TRADE.—Messrs. Casar & Kellogg have packed in this City, this spring, 200 bbls. of Eggs for the city of New York. The eggs are packed in oats, and each barrel will contain on an average, 75 dozen. This is *fifteen thousand dozen* sent off by one company, and they are still buying and paying the money for all they can get.—[Janesville Free Press, May 29.

CHILD KILLED.—We understand that a child fell out of an emigrant wagon, last Friday, on the dividing ridge between Lemonwier and the La Crosse Valley, and was crushed by one of the wheels, which passed over its body, killing it instantly.—[Madison Journal.

☞ The dirt cars for the deep cut at St. Johns, on the Detroit and Milwaukee Railroad, have been purchased and will be put on next week. The track is nearly prepared for them.—Clinton Express, 22d.

BY MIL. & WAT. R. R.—121 bbls flour, 1075 bu wheat, 102 do rye, 24 do barley, 12 bbls pork, 4 do ashes, 10 tons pig iron.

Fair business doing yesterday, at prices which showed little change from the previous day. WHEAT sold at depot and in the streets at 1,66a1,70 for spring, and 1,75a1,80 for winter. Sale 10,000 bus spring at 1,67, f. o. b.

RYE—good demand at 1,12½a1,14, but very little arriving.

BARLEY—nothing doing; scarcely wanted at 85a87½.

CORN—demand not so good as on Monday; sales at 73a75.

PORK—We note a sale of 150 bbls clear at 17,50.

Lively times on the docks, and among the shipments yesterday were 11,026 bbls flour, and 17,000 bus wheat, carrying our total shipments of these two articles this season up to 84,864 bbls flour, and 413,594 bus wheat.

FREIGHTS—active; propellers *Toledo* and *Illinois* are taking on full cargoes for Buffalo. Schr. *W. H. Dewitt* takes wheat to Buffalo at a low figure, on a winter contract. Brig *Kirke White* takes rye for Buffalo at 13c.—Schr. *Lavinia*, corn to Buffalo. Schrs. *G. Worthington*, *Mt. Vernon* and *Nile*, and brigs *Hampton* and *Cortland*, wheat for Oswego at 19c. Schr. *Coral*, wheat for Ogdensburgh at 18c.

Cincinnati Market—May 23.

Iron—The market for Pig Metal exhibits no new feature, prices remaining at $30a31 ₱ ton, 6 mos, for Ohio River, and 28a28 for Tennessee, with a moderate demand. Holders are not disposed to press sales, nor are manufacturers desirous of purchasing beyond the requirements of their current wants. The last sale of Blooms was at $65, and this is the present nominal quotation. The receipts since Sept. 1st show the extraordinary deficiency of nearly 50 ₱ ct., the total comprising 16,441 tons this year, against 31,390 last year. There has also been a large falling off in the receipts of Bar.—*Gazette*.

THE EVIDENCES ACCUMULATE

In proof of what we have long since, asserted, viz: that the Mustang Liniment is the "sine qua non" of all external remedies ever before offered to the afflicted.

We would call special attention to the advertisement of this Liniment, in our columns, and will take this occasion to say that this appears to be one of the *few* popular medicines that really possess all the virtues ascribed to them. In effectually curing the worst cases in *Rheumatism*, no matter how long standing, in an incredibly short time, and for sprains, sores, bruises, burns, or pains of any kind, it has no equal. We have heard of so many cures that have been performed that really appear incredible, were they not vouched for by persons of responsibility and influence. It is said to be an infallible remedy for musquito bites.

VOLUME XI. MILWAUKEE DAILY SENTINEL. NEW SERIES.

THE DAILY SENTINEL.

Rufus King, Wm. H. Watson & John S. Fillmore,
PROPRIETORS,
UNDER THE NAME AND FIRM OF
RUFUS KING & CO.

Wednesday Morning, May 30.

SUPREME COURT DECISIONS.—The new telegraph line between here and Madison gave down [illegible] last evening, bringing us the decisions in Supreme Court for the day.

IMPORTANT DECISION.—We occupy considerable space to-day with the publication of the able decision of Judge Hubbell in one of the railroad cases. It is a paper of considerable importance to a great many of our readers, who are one way and another interested in the railroad tax question.

LA CROSSE RAILROAD.—PROPOSALS INVITED.—Contractors will find in our paper to-day an advertisement for proposals for the erection of a number of depot buildings, &c. along the line of the La Crosse R. R., between here and Horicon, and also for a bridge across the Rock River. We presume that none but men of energy, who are ready to take hold and drive the work along, are wanted to bid; for the road is bound to be open to Horicon by the 1st of October, *and no mistake*. The means are fully provided for doing this, and it is our firm belief that it *will* be done. If we could but anticipate the opening of the Horicon road to Berlin by that time or a little later, it would be a capital thing.

TRULY SPEECHLESS.—We have recently published a paragraph to the effect that "on and after Monday last, the mails were to be carried by the Lake Shore R. R., instead of the boats, and that we were to have *two* mails a day. Our waiting eyes have not yet seen that blessed sight,—but quite the contrary, for no mail came yesterday by the cars, and on going at evening to the Post Office, we had the satisfaction of learning that no mail was expected till this morning, as there was no day boat. And so, instead of getting our mails six hours earlier, they are to come twelve hours later! If that *is* it, then our sufferings is intolerable, and we shall put on a lead team express between here and Buffalo at once.

LATER.—We learn now that the Postmaster has gone to Chicago to try and straighten up things.

MILWAUKEE & MISSISSIPPI RAIL ROAD.—It is worth any man's while to pay a visit to the depot of the M. & M. R. R., in the Fourth Ward, and take note of the vast business done there.—Yesterday morning, for instance, the large freight warehouse was full of goods destined for the country—the wharf was piled up with lumber, going in the same direction, and a score or two of loaded cars stood on the several side-tracks, waiting for the Iron Horse to hitch to; while the receiving platform, some 400 ft. long by 30 wide, was crowded full from end to end, with bags of grain and barrels of flour. There is, indeed, a lack of facilities to do the business. The Company need more cars and more platform room.—Fortunately, they have ample space to extend their accommodations, and are filling up lots, docking out, and laying side-tracks, as the business increases. Last year, they carried *twelve million feet* of lumber into the interior, and this year they will take from twenty to twenty-five million feet. The in-freights of grain and flour increase in a like proportion. The passenger receipts are also increasing, and now average $800 to $900 daily. The receipts of the road for the last ten days, have averaged about *three thousand dollars a day*. And this, too, tho' it is only finished and open half way across the State!—What a tide of travel and traffic would pour along this avenue, were it completed to the Mississippi. And how important to our city that the prosecution of the road to its western terminus should be urged forward by every means within our reach.

Muzzling the Press.

Some of the gentlemen who occupy high places upon the bench in this country have made attempts of late years upon the liberty of the press which are worthy of the attention of the whole people, and which are very likely to receive that attention. The most notable instance of this highhanded conduct has recently occurred in Indiana, in a district which rejoices in a judge, remembered as one of the most foul mouthed representatives who ever disgraced his constituents in the Halls of Congress, and who, as *Senator* PETTIT, added deeper disgrace to his name, and earned the degree of "D. L." conferred upon him by Col. Benton.

A murder case was recently upon trial before him at Lafayette, and he issued the following edict:

"Ordered, by the Court as a *standing rule* of this Court, that during the trial of any murder case no newspaper of this county shall publish any ruling or pretended ruling, or any evidence, or pretended evidence therein, or ANY ARTICLE thereon.

"Ordered, that any violation of that rule, shall be a contempt of the authority of the Court, and shall be punished by fine or imprisonment, or both.

The result may be anticipated. The press of Lafayette refused to obey the unlawful edict, and the *Courier & Gazette* gave its readers a report on the following morning. The judge caused the editors to be arraigned in Court the next morning, and as they would not make any promises for the future, assessed against them a fine of $100 each.

The Lafayette *Journal* reviews the proceedings in a severe article, from which we take the following:

"The publication of '*any* article' in reference to the case, or any similar case, in this Court, is likewise forbidden. If it was meant that we should forbear discussing the merits of the case during the progress of the trial, the order is entirely gratuitous. Our sense of propriety is sufficient to teach us that much. But in the case it were not, it is not in the power of the Court to stop our mouth. The Constitution of the state expressly declares that no law (or order) shall be passed restraining the free interchange of thought and opinion, or *restricting the right to speak, write, or print freely, on any subject whatever*, holding us responsible only for the abuse of that right as in the case of libel.

The *Journal* calls to mind the following case, where a like edict was followed with a just vindication of the rights of the press:

During the progress of a trial for murder in San Francisco, three or four years ago, the Judge of the Court made an order prohibiting the publication of testimony. Walker, editor of the Herald, continued the publication in defiance of the order, and was arrested for contempt and thrown into jail. A mob broke open the jail, but he refused to come out until he was duly liberated by process of law. The legislature impeached the Judge for the act and removed him. Walker afterwards brought a suit of false imprisonment against him and recovered a verdict of *four thousand dollars damage*.

The St. Louis *Democrat*, after some comments upon the above case, says:

That which the Judges of England even dare not do, must not be permitted the Judiciary here to do. Two years since, Judge McLean, at Columbus, Ohio, made a similar order respecting the publication of the evidence on the trial of the Kissane gang. One journal, the Daily Sun of Cincinnati, did as the Courier and Gazette of Indiana have done, defied the Judge and treated his decree with the contempt it deserved. Judge McLean fumed & threatened, but like a wise man finding the law and the Constitution against him, retreated from his position and left the field to the victors. Judge and ex-Senator Pettit must receive a similar lesson.

THE FORAY UPON KANSAS.—We are very glad to learn from the St Louis *Republican* that Col. DONIPHAN, who was said to have taken part in the foray of ATCHISON and his gang of ruffians, is innocent of the charge, having been at home, attending to his own business, while those patent democrats were illustrating "popular sovereignty" in Kansas.

FEMALE PHYSICIANS.—Among the recent graduates from the Eclectic Medical Institute, at Cincinnati, we notice the names of four females—Mrs J. E. DUDLEY, Mrs. M. E. FINNEY, and Miss P. HYDE, of Ohio; and Miss S. S. STRICKLAND of New York.

WAUKESHA CIRCUIT COURT.
IN CHANCERY.

The Milwaukee and Mississippi Rail Road Company vs. the Supervisors of Waukesha County, the Town of Eagle and others. } Demurrer to Injunction Bill.

The Legislature of this state, on the first of April, 1854, passed an Act requiring "all Railroad Companies which were or should be organized within the state," to pay to the State Treasurer annually, for the use of the state, "a sum equal to one per centum of the gross earnings of their respective roads." The Act further declares that "this amount of tax shall take the place and be in full of all of the taxes of every name and kind upon said road, and the property belonging to the said Companies or the stock held by individuals therein; *and it shall not be lawful to assess thereupon any other or further assessment or tax for any purpose whatever.*"

Deeming this solemn Act of the Legislature unauthorized, the Assessors of the town of Eagle and of other towns in the counties of Waukesha and Milwaukee, returned the property of the complainants for the year 1854, and taxes were levied thereupon as if no such law had existed.

The complainants filed their bill, and obtained a writ of injunction out of this Court temporarily restraining the collection of those taxes. To this bill the defendants interposed a demurrer.

The question now to be determined is, whether this law is valid or void, under the Constitution of the state. There is, I believe, but one section of the Constitution applicable to the subject.—Section 1, of Article 8, is as follows:—"*The rule of taxation shall be uniform, and taxes shall be levied upon such property as the Legislature shall prescribe.*

The defendants contend that under the law in question, "the rule of taxation" is *not* "uniform;" 1st, Because it establishes a rule of taxation for property belonging to the Companies mentioned, different from the general rule applicable to the taxation of other property—it being a tax upon *income*, instead of a rateable tax upon *value*; 2d, Because it levies a *State* tax, and exempts from town, county and district taxes; 3d, Because it establishes a new mode of levying taxes differing from the general rule. A point was also made, that the Attorney General ought to be a party defendant, but as that is a question of practice, and as I do not think the decree in this case will bar or affect the right of the State to collect the one per centum required to be paid to the Treasurer by the Act, I shall not discuss the question.

I am compelled to dissent from all the positions taken by the defendants. Their error arises in part, I apprehend, from looking at the first clause of the section quoted, without due regard to the remainder. The last clause qualifies and controls the first:

"Taxes shall be levied upon such property as the Legislature shall prescribe." No property can be lawfully taxed until the Legislature authorizes and requires it to be done—and, of course, no property can be taxed when the Legislature prohibits its being done. The legislature is vested with the absolute power of declaring what property property throughout the State shall be, and what shall not be, subject to taxation.

This power has been variously exercised from the first organization of the State Government; and almost every Legislature has restricted or extended the quantity or character of property coming within the rule. Large amounts, of both real and personal property, have been *wholly exempted* from taxation. For instance, all property of the United States, and of the State; all property of the several counties, cities, villages, towns and school districts, used or intended for corporate purposes—personal property exempt by law from execution, not exceeding in value $200; the personal property of all incorporated literary, benevolent, charitable and scientific institutions, and all such real estate belonging to them, as shall be actually occupied for the purposes of their incorporation; all houses of public worship and the lots on which they are situated; and the pews, slips and furniture therein; every parsonage and all burial grounds, tombs and rights of burial; all public libraries and the real or personal property belonging to, or connected with the same; also the property of cemetery associations; of the state and county medical societies; and probably, that of many other persons and corporate bodies, which I have not noticed. All this has been wholly exempted.

This exercise of power, on the part of the Legislature, has not, to my knowledge, been questioned, and there is no doubt that to this long list, the Legislature might have added, the property of all Railroad and Plank Road Companies. And, if it might exempt wholly, why not in part? The major power includes the minor. A general power to pardon, includes the right to annex conditions and to grant reprieves.

I see no reason why, upon this principle, the law in question, which operates as a partial exemption from general taxation, may not be valid. Regarding the annual payment to the state as a tax, as the defendants claim, why might not the Legislature grant exemption in all other respects? The law certainly is not *void*, because it is not worse, and does not confer greater privileges upon these companies—to-wit total exemption.

But I regard the payment to the State, not as a tax, but as a *bonus* or *Compensation* for the exemption granted. The whole substance and effect of the law is to relieve the Companies absolutely from all ordinary taxes for ordinary purposes, upon the condition of an annual payment to the State. Had the Legislature exempted their property from ordinary taxation, in consideration of their doing some service to the State—such as carrying troops or public stores free of charge, no one would call the service a tax, or question the validity of the exemption. It would be a privilege granted for a service rendered. This is the precise character and effect of the act in question. The same principle runs through various laws. In respect to these same Companies—because it was believed they would confer important benefits upon the public, by the construction of their roads, the right was granted to them, in the name and on behalf of the state, to take private property for their use, upon just compensation. For like reasons, a law was, until recently, in force, authorizing individuals to erect mill dams upon their own lands, and thereby cause the lands of others to be overflowed, making such compensation only as the law provided for. The various cases of exemption, before referred to, are but examples of the same principle,—a privilege granted in consideration of some real or supposed benefit conferred upon the public or the State. Now, the Legislature having full power to grant the privilege of exemption to these companies, has done it upon its own terms, that of paying to the State a portion of their annual income, and I see no ground of principle upon which to deny the power, or to question its rightful exercise.

But, allowing to the defendants the benefit of their own premises in their broadest scope, I am still forced to the same conclusion. It is contended that the payment to the State, being a tax, and the amount of such tax being regulated by the amount of annual income, while all other taxes are governed by the judgement of assessors as to the value of property, "the rule of taxation" is not "uniform."

Were the complainants alone subjected to this rule, I am not prepared to say the objection would be without foundation. But all Railroads and Plank roads are subject to the same rule.—It is, doubtless, a departure from the general law, and amounts to a declaration that this class of property shall have a rule by itself. But, is such a distinction incompatible with the Constitution? Many taxes for local and special purposes have been levied and collected, without an assessment made in conformity to the general law. Almost every town and especially almost every city and village in the State, presents instances of this species of taxation, for roads, streets, side-walks, and other local improvements. The Constitution of the United States declares that "all duties, imposts, and excises shall be *uniform* throughout the United States." But no one has contended that the same duty, impost, or excise, should be imposed upon every species of property. On the contrary, Congress, which has the sole power, "to levy and collect taxes, duties, imposts and excises," requires different classes of articles to pay different duties,—some higher, and some lower—regulating the duty on some kinds of property, by the value, and on others, by the quantity. Yet, I have never found a judicial decision, holding that, because one class of property paid one rate of duty, and another class a different rate, the duties were not "uniform."

If, upon the same class of articles, there had been one rate required at New York, and a different one at Boston or New Orleans, doubtless the constitutional provision would have been violated. So, in the present case, had the legislature prescribed one rate of taxation, for one town or county, and a different rate for other towns or counties, there could be little doubt of its error. But, so long as each class of property, in every part of the State, and under like circumstances, is subjected to the same rule, it is difficult to see how the principle of the Constitution is violated, much less how the law is so grossly and palpably wrong, as to warrant the interference of the Courts, declaring it absolutely void. I see no constitutional objection to a law, (should the legislature see fit to pass one) exempting all sheep in the State from taxation, or to a law requiring all woolen or cotton factories, to pay to the State Treasurer one per cent of their gross earnings, as a commutation for all ordinary taxes. Yet, should the legislature by law, declare the sheep of one man exempt, or authorise one manufacturing company to pay a bonus in lieu of general taxation, there would be good reason for holding that the rule was not uniform, and that such law was void.

Under any view which I have been able to take of this case, I cannot but regard the act of April 1st 1854, (whether its provisions be wise and equal or otherwise,) as *within the constitutional powers of the Legislature*, and therefore *valid*.

The defendant's demurrer must be overruled.

LEVI HUBBELL.

A BRILLIANT LIGHT.—The St. Louis *Republican*, ascribes to D. J. Johnson, one of the U. S Judges in Kansas, the following declaration of sentiments in regard to the condition of things in that Territory:

"At Weston, I stated there was no *Criminal Law* in force in Kansas Territory. At Leavenworth City I stated that the old Territorial Laws of Missouri were not in force, and they were not in force, the *Common Law* was not, and if neither, then there was no adopted rule whereby men could be tried and punished for offences, in the Territory, save that rule based in the common weal and enforced by the strong arm of the people.

The learned Judge is entitled to a wooden gridiron or some other handsome and appropriate gift, for his discovery that in one of the regularly organized portions of our country there is no law but Lynch law.

BREADSTUFFS FROM CALIFORNIA.—In these times of scarcity of provisions and high prices for all articles of food, it is a pleasure to hear that California has something besides gold to send to the Atlantic ports. The accounts by the *George Law* to May 1st, represent that an export of 50,000 bbls flour or its equivalent in wheat may take place, and still leave sufficient to supply the consumption up to harvest, which promises to be very large. The clipper-ship Charmer had nearly completed loading wheat and flour for New York. The Telegraph had also been laid on for the same port, and had about half her cargo engaged. She would probably take a full freight of flour and grain.

Vessels are also loading with Flour, Barley, Oats, &c., for Australia and the Russian Possessions.

Faulkner Defeated
Correspondence of the N. Y. Express.

FREDERICK.—Yes, I have had to whip Faulkner, for Congress. He is a pretty clever fellow; but he spoke disrespectfully of me.

Yours, &c., SAM.

"Sam" must look exceedingly foolish when he comes to see his letters in print. Faulkner, instead of being "defeated," is re-elected by from 4 to 500 majority, albeit he "spoke disrespectfully" of his high mightiness Sam.

THE COLLINGWOOD ROUTE.—The Oswego *Times*, speaking of this new and delightful route, says:

"This new route is extensively noticed by the Press, and no little public attention drawn to it. The steamer *Lady Elgin* from Chicago, arrived at Collingwood on Friday evening with a considerable number of passengers and a heavy load of freight. The proceeds of her passengers and freight are reported at $4,000. The Toronto *Globe* says the steamer for Oswego waited for her passengers an hour or two at that port, and took them on to N. York without the delay of an hour. The *Louisiana* and the *Niagara* arrived at Collingwood on Monday. Most of the passengers by these boats reach Toronto in time for, Lewistown. The number of passengers both ways by this route is daily and rapidly increasing"

The *Keystone State*, the next steamer in this line, will leave here for Collingwood *this* morning. A gentleman who came up in her, on the last trip, expresses himself equally pleased with the boat, the officers, and the new route.

☞ A Southern paper sets down the recent marriage of Henry Blackwell and Lucy Stone, "under protest," to the score of "Retributive Justice," as thus:

RETRIBUTIVE JUSTICE.—Blackwell, who choked a lady in the cars and robbed her of a servant girl, has been married to Lucy Stone. Justice is sometimes slow, but always sure.

OREGON.—The democrats of Oregon have nominated Gen. JOSEPH LANE for delegate to Congress. The whigs have nominated Gen. J. P. GAINES for the same office. The democrats adopted a "Pierce and Nebraska" platform.

MORE MORMON IMMIGRANTS.—There arrived at Philadelphia on Wednesday last 337 immigrants, of whom 403 were Mormons, bound for Salt Lake City. It is intimated that if the population of Utah continues to increase at the present rate, it may soon apply for admission as a state.

WHEAT IN MICHIGAN—RAVAGES OF THE FLY.—The Detroit papers of Saturday last state that the fly is committing great havoc in the wheat fields of Michigan and that unless it disappears speedily, as sometimes happens, the harvest will be a light one. Mediterranean wheat, thus far, escapes, but fields sown with the white wheat suffer greatly.

THE STATE OF OREGON.—The people of Oregon vote in June upon the question of framing a State Constitution and applying for admission into the Union. By the time they can get a Constitution made they will no doubt have the requisite population to claim a seat at the family table of the Confederacy.

FAMINE PRICES.—Corn is selling in the Chickasaw Nation at $2,50 per bushel, while Flour can only be had at one or two places in the Nation, at $20 per barrel. No groceries are to be had, nor can any be obtained until there is a rise in the Arkansas, or Red River.

The President of the Chickasaw nation recently issued a proclamation, fixing the 19th of May to be observed as a Day of Fasting Humiliation and Prayer.

A LIVE YANKEE IN THE NOVA SCOTIA PARLIAMENT.—The telegraph from Halifax announced the election of our esteemed friend, Hiram Hyde, Esq. of Truro, to the Provincial Assembly of Nova Scotia. Mr. Hyde is a native of Sandy Hill, in the State of New York, and has been for some time one of the most enterprising and successful of the citizens of that Province. He has been for years the mail contractor, and has distanced all competitors, in spite of the unfavorable disposition of the Provincial government.—Five years ago he obtained the contract for establishing telegraphic communications between Halifax and Pictou, and astonished even his friends by completing the line in eight days from the commencement of putting down the first pole. He has subsequently established a line to Sydney across the Gulf of Canso. Four years ago he opposed a member of the government running for the Assembly from Truro, and came within half a dozen votes of beating him. We are glad that this time he has succeeded, and doubt not that he will prove one of the most popular and valuable members, though not a native.—[Boston Atlas.

THE WHEAT—PREVALENCE OF THE FLY.—Ten days ago the prospects of an unprecedented wheat crop in every section of the State were most promising. To-day the prospects are that in many sections the crop will be extremely light. We learn that in Hillsdale, Branch, St. Joseph Cass, Berrien, Kalamazoo and Jackson, the fly has appeared, and is making sad havoc, often entirely destroying whole fields. Doubtless we shall hear of its ravages elsewhere, and it is greatly to be feared that all the older parts of the State will suffer severely.—[Detroit Free Press May 2[illegible].

THE CROPS IN SOUTH CAROLINA.—Extract from a letter dated Cheraw, S. C., May 17th, 1855: "We have had the most remarkable season ever known. There has been but one heavy fall of rain since the 10th of last September. The winter was cold and dry, and the spring cool and very dry, the dust not having been laid in nine weeks. Our farmers are in great tribulation about the crops. No seed will come up. The cotton never looked worse than at present. Large fields are being ploughed up to be planted over if rain comes soon, if not corn will be planted instead, for it will soon be too late to plant cotton."

☞ We notice that a number of men are grading preparatory for the foundation of the new Grist Mill of Messrs. Bassett and Sandford, and understand that they are going to prosecute the work with all possible vigor, until the mill is completed.—[Baraboo Republic, May 26.

GOOD TIME.—The steamer Western World came in from Buffalo yesterday at half past 12, with a large load of passengers, having made the trip in less than 15 hours. Quick enough.—[Detroit Advertiser.

NO RAIN YET!—No rain has fallen in this vicinity during the past week, nor does there appear to be a prospect of any. The gardens are burned up and the crops greatly suffering.—Waukesha Plaindealer, May 29.

☞ Lumbermen are all good natured. Black river has driven down some 25,000,000 feet of pine this spring, for which good prices are being realized.—[La Crosse Republican.

The Triumph of Obstinacy.
Translated from the Courier des Etats Unis.

Several Englishmen established at Lyons, met on the 19th of April to offer a splendid banquet to one of their countrymen, Mr. Arthur Flemming, a rich merchant of London passing through Lyons, who had just spent eleven months in prison in one of the four Free Cities of the German Confederation. The following are the particulars of the adventure, which may be relied on as true and which do honor to the phlegm and obstinacy so peculiar to John Bull.

About a year since, Mr. Flemming, in his travels, stopped two days at Frankfort on the Maine, in one of the most noted hotels in that city.—The third day, being about to leave, he demanded his bill and was astonished to find it reach the sum of two hundred and fifty francs. He refused to pay it, and offered half the amount.—The landlord would not accept it, and as the laws of the country authorize imprisonment for the smallest sums, he declared that he would use his right; supposing that at the first word about prison the sick traveler would permit himself to be cheated without a complaint. Never was any Boniface more mistaken. John Bull absolutely refused to pay and so was marched off to prison.

If the laws of Frankfort permit imprisonment for debt, they also demand that the creditor shall furnish to the debtor, during the whole time of his detention, not only food and a bed, but in addition clothes and all of the accessaries used in the toilet of a gentleman. Of course Mr. Landlord was compelled to furnish these things, and as can be easily supposed, John Bull was not very careful of his wardrobe. He wore out so many coats, overcoats and used up so much linen, that at the end of the eleven months Boniface found that he had expended for his victim about 20,000 francs. He then began to reflect, and, perfectly enraged, ordered the jailer to let Mr. John Bull depart in peace.

Mr. Flemming's intention was not to abuse his triumph to save money. Proud of having conquered, the first usage he made of his liberty was to give to the poor of Frankfort double the sum that his unfortunate creditor had spent for him.

All will agree that Mr. Flemming merited the honor of the banquet, particularly those who have been imposed upon by the extortionate Landlords upon the continent.

The Old Tontine Coffee House.

This ancient building is to give place to a splendid edifice, about to be erected by Mr. Aspinwall. In 1792, a number of our wealthiest citizens associated together and built the Tontine, which was used as an Exchange for 50 years, when it was converted into stores and offices.—There were originally over 300 nominees, the number is now reduced to 52. The subscribers appointed one nominee to each share, and it was agreed that the whole property should vest in the survivors when the number is reduced to seven. The following is the list of the surviving nominees, being scions of our oldest families:

AND STILL THEY COME.—The immense tide of emigration setting toward the northern and western portion of our State, Minnesota and Iowa, is absolutely astonishing. For nearly three months heavy wagons with their white coverings have been almost constantly wending their way through the streets of our town, bound for the regions north and west. Persons who have taken pains to ascertain the number passing, informs us that over 100 head of stock passed here. It is probable that there is an average of five persons to each team, which would make five hundred souls per week, bound to the unoccupied lands to carve out new homes and make "the desert blossom as the rose."

On Monday last, we were surprised by a visit from our old friend, Mr. Lees, formerly a representative from Waukesha Co., who informed us that in company with several of his old neighbors, he was emigrating to Buffalo Co., (Wis.,) north of La Crosse. There were seventeen large wagons in their party, about 300 head of stock. They had sold their improved farms in Waukesha, to find a larger field in a newer section of our beautiful state. Of this class is a large portion of the emigrants who are occupying and opening the country north and west of us. The destinies of a state could not be in better hands.—[Portage City Badger State, 26th.

"MANIFEST DESTINY."—The Spring tide has fairly turned into these "upper waters." The Old Mississippi is literally alive with boats, rafts, stock, merchandise, and all mankind generally. Emigration, there is no end to. The Galena Gazette says a thousand persons pass through that town daily, on their way northward. The *heft* of these go on to St. Paul, but the 'captains' tell us, that more people and goods, put off at La Crosse, that at any place between St. Paul and Dubuque. We should judge that seventy-five to a hundred persons stop here every day, most of them are new settlers, accompanied by their families, traps and implements for farming. Where they come from, or where they go to, seems a marvel, but the Land Office tells the whole story.—[La Crosse Democrat.

MAINE LAW IN MICHIGAN.—The liquor shops are closed pretty generally, though a few are dealing out on the sly. Some are under indictment and will be dealt with promptly. Every day adds to the number, and, therefore, every day decreases the amount of violation. At first, various dodges were attempted, and liquor, real blue ruin, was sold under the name of pop, ginger beer, burnt cider, vinegar, and a thousand other names signifying something to take. But when they saw the spirit of submission taking a strong hold upon the mind of the public, and when one after another was hauled up to answer for their violations, they became slightly tremulous, and concluded that it was at least safe to keep out of the way of retribution. Almost everybody is gratified at the result, and so far as sympathy goes, will do valuable service in sustaining the law.—[Detroit Inquirer, May 26.

WHAT IS GOING ON ABOUT STEVENS POINT?—The *Northerner* is making regular trips to Little Bull and back, with loads of passengers and Merchandize. The bogs are cutting out that road to Black River, and taking up the choice locations along it—as at the crossing of Mill Creek, Yellow River, &c.—Messrs. Morrison & Perkins are making some 40,000 feet of boards a day at their new Mills, (the old Shaurette rebuilt,) besides any quantity of laths. The Steam Planing Mill is in full blast, and cannot fill half its orders.—Helms is receiving mountains of Fresh Goods.—Messrs. Kollock and Meyers run stages, *through in a day*, to Portage city. The Land Office takes on an average, some 3,000 dollars a day. It is beginning to rain; it will take quite a shower to raise Old Wisconse—Balance next week.—[Stevens Pt. Pinery, May 24.

INFORMATION WANTED.—About the 15th inst. Thomas McWhr left Milwaukee to go a short distance into the country, and has not been heard from since. He was in ill health at the time, and his wife, who is now in this village among strangers, is anxious to hear from him. He is an Irishman, about 20 years old, nearly six feet high, dark curly hair and light whiskers. He wore a blue pilot cloth sack coat, gray pants, dark vest, light-colored cloth cap and laced brogans. Any information of him will be thankfully received by his wife, at this village. Milwaukee papers please copy.—[Waukesha Plaindealer.

EMIGRATION.—The Commissioners' Report this week shows that during the seven days past only 3,364 emigrants landed at New York, making a total for the year of 40,464. During the same time last year there arrived 87,922, or more than double the number. It is urged with a show of reason that foreign emigrants, by their competition, deprive our own people of employment and wages. But the facts show that industry stagnates most and times are "hardest" in such years, and in such States, as emigration most falls off. Compare 1855 with 1853 or 4, or compare Virginia with Wisconsin, for proof.—[Albany Eve. Journal.

DROWNED.—We are sorry to learn that Mr. Colt, of Newport was drowned in the Wisconsin River, a few days ago.—It appears that a party were in bathing, and Colt attempted to swim across the river and back, but on his return his strength gave way, and he cried "help," but before any of the party could reach him, he was swept under the tide, and was drowned.—Baraboo Republic, May 26.

"BREAK EVERY YOLK,"—Twelve hundred and sixty-three dozen foreign eggs were entered at the Custom House, Boston, from the Provinces, on Monday, free of duty under the reciprocity treaty. A similar importation from France was announced the other day. Is this an attempt of the Pope to impose a foreign "Yolk" on free American necks?—[Albany Atlas.

☞ Rain, which is again badly needed, fell in brief light sprinkles, yesterday, but hardly sufficient to lay the dust. Unless abundant showers are enjoyed soon, the growing crops must greatly suffer.—[Madison Democrat, 28 inst.

CITY MATTERS.

CIRCUIT COURT—May 29.

JUDGE HUBBELL, PRESIDING.

The motion for a new trial made in the case of George Santee, (colored) charged with participation in the affray at the ten mile house, in this County, was allowed yesterday.—Santee will be tried at the September term.

The trial of Goodman for shooting with intent to kill was next commenced and went to the jury at 5 P. M.

The motion for a new trial in the case of Geo. Bryan was overruled. The Criminal Calendar was finished yesterday afternoon. The Court this morning commences upon Chancery cases, which will be call in their order.

HOLLOW BRICK MACHINE.—We saw yesterday at the Wisconsin Iron Works, on the Water Power, the machine mentioned yesterday, and for which A. J. LANGWORTHY, associated with another, has applied for a patent. The object desired being the application of a tremendous pressure upon a small surface,—the material to be compressed being lime and sand in certain proportions,—of course great *strength* of machinery is necessary; and yet, to be useful, the machine must be portable and compact, occupying but small space.

The inventor of this machine seems very fully to have attained the desired end. The machine occupies a space of about 3 feet square by 4 ft. in length, and weighs 1500 lbs, being carried on small iron wheels. The process of working is very simple. Two moulds of very hard and planed iron, are seen at the top of the machine, into which the material is thrown. The thickness of the brick is regulated by moving the bottom piece of the mould up or down. The mould being full, the turn of a wheel slides over it a solid iron cover, which is secured from rising by being grooved into a massive iron upright. This done, the operator, by the use of a lever, acting upon a combination of joints somewhat similar to those of the printing press, forces *up* against the bottom of the mould a pressure of over 100 tons. A turn of the wheel slides off the cover, and another lever raises the bottom of the mould with the brick to the level surface, whence it is taken off, to be hardened into stone by the action of the atmosphere. While one operator is raising the mould and taking off the brick, in much less time than we have taken to tell it, another one, at the other end of the machine is applying the pressure, and bringing another brick into form, so that two men can keep steadily at work.

Altogether, it is a very ingenious piece of work, and, as this new style of brick seems likely to come extensively into use, will prove to be an efficient machine for the purposes. Those interested are desired to call and see it.

BOARD OF TRADE—THE STRAIGHT CUT.—We have no time to write out the proceedings of the Board last night. Ex-Mayor Kilbourn made a long statement on behalf of the contractor, the summing up of which is that unless he can get $10,000 for another dredge, he cannot do the work as required and very much needed.

We don't believe it. If the present dredge is put steadily at work, and a sufficient force employed to carry off the earth, we believe that the job could be completed before October.

LAUNCH.—The beautiful schooner *Fannie & Fly*, of about 160 tons, just completed by Capt. BARBER, was launched yesterday afternoon, full rigged except sails, taking the water handsomely. She is one of the finest vessels of her size that ever floated in the waters of our river.—Her owner is J. B. SMITH, of this city, and she is to be used by A. SWEET, in attending to the wants of his agents and employees, in erecting the government lighthouses, for which he has the contract.

MALICIOUS MISCHIEF.—Some graceless scoundrel destroyed the shade trees in front of Mr. J. R. Treat's dwelling on Milwaukee street, during Monday night. He offers $25 for the detection of the rascals.

"ANOTHER MAN, SIR!"—The *Free Democrat* says that SPALDING & FOOTE, and not the BABCOCKS, were the carpenters on the handsome new store mentioned by us yesterday.

☞ H. C. ADAMS, banker, makes several announcements in his advertisement, of interest to those who deal in filthy lucre and other things cognate thereunto. See his card.

HAIR NECKLACE.—The finder of such an article is directed by advertisement as to where he can find the owner.

CRICKET.—The Milwaukee Cricket Club meet for practice at their old grounds on Spring St. Hill *this* afternoon at 3 o'clock. The general and punctual attendance of members and others interested in the game, is invited.

FOR BUFFALO.—The steamer *Key Stone State*, one of the Collingwood line, will leave for Buffalo this morning, calling at all the intermediate ports. For passage apply to O. D. Colby, three doors from American Express Co. office, on Huron Street.

PUTNAM'S MAGAZINE.—The Boston *Atlas* says that the forthcoming June number of Putnam will contain several original articles of unusual merit and among them an exquisite piece of poetry by Bryant.

FOR BUFFALO.—The steamer *Globe* leaves this port for Buffalo at 7 o'clock *this* evening. For passage, &c., apply to Mr. J. Griffin at his office on Huron Street.

FOR GREEN BAY.—The steamer *Cleveland* is to leave our port for Green Bay *this* evening, at 7 o'clock, touching at Manitowoc and Two Rivers.

PROMENADE CONCERT.—Our readers are reminded that the first of the series of Promenade Concerts will be given at Young's Hall *to-night*. For particulars see advertisement.

DISCHARGED.—William Foley, who was sent to jail about two weeks since for threatening to kill his wife, was yesterday discharged from jail, on his giving security for his good behaviour for three months.

"THE GREATEST MUSICAL BOOK IN THE WORLD."—We like the modest tone of this advertisement. No self-praise or conceit about it, but only a proper appreciation of one's own worth.

NEW BOOK FOR AGENTS.—Book pedlers are directed to an advertisement which may interest them in our columns to-day.

☞ REED has several notices of new stock to-day in his locality,—"which see, and make a note of."

ATTENTION WANTED.—The attention of our city Fathers is affectionately invited to the necessity of some stringent ordinance regulating the manner of getting vessels through the city bridges. This business of allowing vessels to take their own time—half an hour or more—to haul through the draw, when steam power is within two rods of them, keeping hundreds waiting on each side until the captains please to allow the bridge to be closed, is getting to be an insufferable nuisance. And, if we get a proper ordinance, let us have a Harbor Master to attend to the enforcement of it.

There are several items of business which such an officer ought to attend to; for instance, to prevent piles of dirt from being thrown into the river, as the hands on steamer *Globe* did last Sunday, to the amount of five or six loads,—and to preventing one vessel from crowding another in the draw, as the propeller *Illinois* did yesterday morning to an extent which made the bridge crack again.

THE STATE OF THE PUBLIC HEALTH.—It gives us no little pleasure to say that the country generally, was never blessed with a greater measure of health, than it is at this present writing. We hear of no prevalent sickness anywhere.—The cholera, which made its appearance upon the Missouri and the Mississippi Rivers some three or four weeks ago, seems to have vanished altogether. A few cases were reported in St. Louis some days since, but they are readily accounted for by the noisome locality where they occurred, and the filthy habits of the people who were the subjects of the disease. We know of no point in the Valley of the Mississippi, where disease of any kind prevails. Our own city shares in the general blessing. For the season, it enjoys a singular exemption from any *form* of sickness. Thus far not a single case of cholera has been reported by our physicians, and nothing approaching it has come to our notice, except those slight derangements of the bowels, to which many persons are subject every season in the beginning of the warm weather—[Chicago Dem. Press, May 29.

THE EGG TRADE.—Messrs. Case & Kellogg have packed in this City, this spring, 200 bbls. of Eggs for the city of New York. The eggs are packed in oats, and each barrel will contain on an average, 75 dozen. This is *fifteen thousand dozen* sent off by one company, and they are still buying and paying the money for all they can get.—[Janesville Free Press, May 29.

CHILD KILLED.—We understand that a child fell out of an emigrant wagon, last Friday, on the dividing ridge between Lemonwier and the La Crosse Valley, and was crushed by one of the wheels, which passed over its body, killing it instantly.—[Madison Journal.

☞ The dirt cars for the deep cut at St. Johns, on the Detroit and Milwaukee Railroad, have been purchased and will be put on next week. The track is nearly prepared for them.—Clinton Express, 22d.

Cincinnati Market—May 28.

IRON—The market for Pig Metal exhibits no new feature, prices remaining at $30a31 ℔ ton, 6 mos, for Ohio River, and 21a28 for Tennessee, with a moderate demand. Holders are not disposed to press sales, nor are manufacturers desirous of purchasing beyond the requirements of their current wants. The last sale of Blooms was at $65, and this is the present nominal quotation. The receipts since Sept. 1st show the extraordinary deficiency of nearly 50 ℔ ct, the total comprising 16,441 tons this year, against 31,360 last year. There has also been a large falling off in the receipts of Bar.—*Gazette.*

THE EVIDENCES ACCUMULATE

In proof of what we have long since, asserted, viz: that the Mustang Liniment is the "sine qua non" of all external remedies ever before offered to the afflicted.

We would call special attention to the advertisement of this Liniment, in our columns, and will take this occasion to say that this appears to be one of the *few* popular medicines that really possess all the virtues ascribed to them. In effectually curing the worst cases in *Rheumatism*, no matter how long standing, in an incredibly short time, and for sprains, sores, bruises, burns, or pains of any kind, it has no equal. We have heard of so many cures that have been performed that really appear incredible, were they not vouched for by persons of responsibility and influence. It is said to be an infallible remedy for musquito bites.

Something NEW!

AT THE
my14-1m

DR. C. P. FITCH,
Dentist,
(LATE OF NEW YORK CITY,)

HAS THE PLEASURE OF ANNOUNCING TO THE Citizens of Milwaukee, that he has opened Rooms in the Law Buildings, Wisconsin Street, FOR DENTAL OPERATIONS.

Dr. F. introduces to this community the New Method of constructing Artificial Dentures on Platinum, called DR. J. ALLEN'S **Continuous Gum Work,** combining cleanliness, great beauty, with life-like expression, strength, utility, and restoration of the form and contour of the face. This work is unequalled, and stands preeminently first; and will sooner or later take the precedent over the various kinds of Artificial Dentures manufactured in this or any other country. Specimens may be seen at his Room any time during office hours.

After twelve years experience in dental practice, Dr. F. takes great pleasure in warranting all operations in the mouth, such as Gold Stoppings, Gold Plates, Teeth on Pivots. Teeth regulated, cleansed and extracted, &c.

Strict attention will be paid to all diseases arising from or in any way connected with decayed teeth. Also, counsel given in reference to the management of children's teeth. Advice and counsel given without charge.

Office hours from 8 A. M. to 1 P. M., from 2 to 6 P. M., and from 7 to 9 P. M.

A Desirable Farm for Sale!
CRUMMEY'S MODEL FARM,
IN THE TOWN OF
Summit, Waterville, Waukesha Co.

THIS FARM RUNS INTO THE PLEASant village of Waterville. Post Office a hundred rods from the House, and Mail Stage passes every day. It is situated between the Milwaukee & Mississippi and the Milwaukee & Watertown Railroad; It is five miles from the Depot of the former, and seven from the latter; three and a half miles from Nashotah Mission and Delafield, and twenty-five miles from Milwaukee. There is a splendid School House adjoining the farm. On the farm is a beautiful Lake, which abounds with Fish. The farm contains 300 acres, 280 acres under a high state of cultivation; 160 acres in Timothy and Clover; 120 under plow; the balance in good pasture land, and 30 acres of a beautiful grove of Oaks. The farm is divided and fenced off into 20 acre fields, and is one of the best watered farms in the State.

On the farm there is a SPLENDID COTTAGE DWELLING HOUSE, containing two large Parlors, a large Sitting Room, large Dining Room and Kitchen, a good Cellar and Cistern underneath, a splendid well of water with a chain pump, 8 chambers, for family use, besides others to accommodate hired help.

The grounds in front and around the House are beautifully laid out with Shrubbery, Ornamental Trees, and Fruit of all descriptions. A large Wash-house, Poultry-house, Wood-shed, &c. A fine large vegetable garden, with all kinds of Currants, Gooseberries, Raspberries, and 20 bearing Grape Vines of the choicest kinds.

On the farm is an ORCHARD of 1200 trees, covering acres, of Apple, Pear, Peach, Plum, Cherry and Quince, most of which have been in bearing for the last two years.

On the farm is a large barn, 60 by 40, a large horse stable, which will accommodate 20 head of horses, stabling for 50 head of horned cattle, with stalls, calf pens, &c. Sheep sheds to accommodate 1000 head of sheep. All of these buildings are two stories high, with chain pump in the barn yard to water stock in winter. A large Granary 40 by 30, with hog pens underneath; a work-shop, tool-house, &c.

There is also a beautiful Sail Boat on the Lake, with a full set of sails. There has been no expense spared to improve and make this the best farm in the State. It must be seen to be appreciated. The stock and farm will be sold together or separate.

For further information, terms, &c., apply to the subscriber on the premises, or by mail to Waterville, Waukesha Co., or to D. G. POWER, Real Estate Agent, Milwaukee.

FOR SALE.

A VERY DESIRABLE LAKE FARM, EMbracing one of the most delightful country residences in Wisconsin, 25 miles from Milwaukee, on the Milwaukee & Watertown Railroad and Plank Road.

The subscriber offers at private sale, READLAND, the well known farm upon which he now resides, situated about two miles from the village of Hartland, Waukesha Co., and containing about 350 acres, 250 of which are under cultivation, well fenced, and divided into convenient fields.

This body of land is unsurpassed in richness and productiveness of soil, and for beauty of scenery and location, acknowledged to be one of the most desirable residences in the State. It is bounded upon the West, to a large extent, by Pine Lake, one of the largest and most beautiful of our inland Lakes, giving it superior advantages for water power and bathing, and the Lake abounds with fish and game in great variety.

Situated upon the Milwaukee & Watertown Rail and Plank Roads, and within a short walk of Pine Lake Station and Hartland Depot, it is easy of access and communication with Milwaukee, affording ready market for all kinds of produce, besides good stores and grist mills in the neighboring villages of Delafield, Hartland and Oconomowoc.

The Nashotah Theological Seminary is within 3 miles, and churches and schools convenient. The land is in a high state of cultivation, has always been manured with cropping, a large portion has been seeded down, and is admirably possesses all the requisites for a good sheep and stock farm.

The improvements consist of a good frame Dwelling House, with well and good water attached, frame Tenant House, a large Barn, 50X36, Ice House, Cattle Shed, &c. Also a young and thrifty Apple Orchard upon the premises, with abundance of Strawberries and Raspberries. Possession given at an early day, if desirable.

For further particulars apply to GEO. R. M'LANE, on the premises, or by mail to Pine Lake P. O., Waukesha Co., Wis., or to D. G. POWER,
Real Estate Agent, Milwaukee, Wis.

PIANO FORTES
—AT—
GREAT BARGAINS!
No. 11, Spring Street.

I INFORM THE PUBLIC OF MILWAUKEE AND vicinity that I will sell for one month, all the Pianos on hand, at

Boston Wholesale Prices!

Those who want to secure a GOOD TONED, CHEAP and WARRANTED PIANO FORTE, will find it to their interest to call early. I will sell elegant 6¾ octave, Rosewood, round cornered Piano Fortes at the

Extreme Low Price of $225 apiece.

These Pianos are all with the celebrated Patent American Action, manufactured by George Hews, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which is the following:

The American Action Piano at the Great London Fair.
BOSTON, August 14, 1852.

The undersigned, who were officially associated with the *Great Exhibition* in London, are happy to bear testimony to the commendations bestowed on the instrument manufactured by our townsman, Mr. George Hews, by gentlemen capable of appreciating both the tone of a Piano, as well as its external finish and elegance of workmanship. The unrivalled Pianist, Thalberg, who was on the musical jury, pronounced it one of the *sweetest* as well as *most perfect toned instruments* in the exhibition.
EDWARD RIDDLE, United States Commissioner to London Exhibition of 1851.
J. V. C. SMITH, M. D.

☞ Pianos to let, old Pianos taken in exchange, and liberal prices allowed. Pianos tuned and repaired. Orders for tuning Pianos, directed to Box 949, Post Office, will be promptly attended to.

NATIONAL LOAN FUND
LIFE ASSURANCE SOCIETY,
LONDON.

CAPITAL, - - - $2,500,000,
Guarantee Fund, $100,000, Deposited with the Comptroller of the State of New York.

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, whilst it in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have. Human existence must in consideration, enjoy a much higher estima than worldly property.

Whilst the representative of a family lives, (although, through neglect to insure his *property*, he becomes bankrupt,) he supports his family; but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comforts during life.

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the *premium is not increased*.

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute.

Men engaged in mercantile or manufacturing pursuits are ever varying and uncertain in their issues, *should insure*.

The farmer who has still a mortgage on his farm, *should insure*, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

NEW YORK MARKET.
New York, May 29—6,30 P. M.

Flour—Transactions moderate and for lower grades somewhat irregular. Very common grades rather forced on the market, while better grades are more firmly held. Sales 6000 bbls. at 10,12½a10,50 for common to good Ohio, Mich. and Ind. 11,37½a12 for extra Genesee. Canadian in good demand—firmly held, while there is less enquiry for the better kinds—market scarcely so firm—sales 2500 bbls. at 10,31¼a11.25. No good straight lots of common could be bought at less than 10.50.

Grain—Wheat market unchanged, supply limited. Genesee scarcely to be found in market—last sale made at 2,80, but we do not think it would bring over 2,70a2,75—10,000 bush good white Mich. 2,65. A lot good white Canadian offered at 2,60 to arrive soon.

Rye—strictly northern held at 1,70, some small parcels inferior had been sold low as 1,60a1,65.

No sales of barley for some little time past, and it is difficult to quote correctly.

Corn—supply large. Principally inferior. Western—none fit for shipment. Market is easier—sales 98,000 bush 1,05a1,07 for inferior to good new western, 1,09a1,10 for old do.

Oats—good demand at still better prices, sales 78a80 for state, 82a84 for western.

Whiskey—38a38½.

Provisions—pork easier for new mess and steady for old. Sales 1200 bbls 16,68¾ for old mess, 17,50a17,62 for new do, 14,62 for new prime, including 300 bbls uninspected new mess 17,25. Beef fair request—market buoyant—sales 200 bbls at 8,75a9,50 for country prime. 10a10,50 for do mess, 15a15.50 for repacked western.

New York, May 29.

While 100 guns were being fired in honor of Mr. Wise's election, a premature discharge, dangerously, but not fatally injured a man named Huchison, both of his arms were broken and his head and face dreadfully mingled.

Boston, May 29.

The Police Court was densely crowded this A. M., to witness the trial of Paran Stevens, Lewis Rice, Harvey D. Parker and other leading liquor dealers, whose cases were postponed from last week. Hon. Samuel D. Parker, R. H. Dana and other prominent counsel appeared for the defendants, but the Court rather unexpectedly ordered the discharge of the defendants, on the ground that the complaint was void from indefiniteness. The complaint charges the selling of intoxicating or spurious liquors.

Justice Russell quoted the unanimous decision of the Supreme Court in a similar case. The result caused much excitement.

Washington, May 28.

The friends of Mr. Wise are now firing from the Capitol 100 guns in honor of his election.—Mr. Wise left for Accomac at 3 o'clock this afternoon.

New York, May 28.

Mr. M. H. Grinnell publishes a card in the papers to-day retracting the imputation cast upon Senator Fish of New York, in a speech a short time since upon the Emigrant Passenger Bill.—Subsequent explanations having convinced him that his opinions of Senator Fish's course in the matter was unjust.

The steamship Empire City arrived here this A. M., with Havana dates to the 23d inst., the same was already received via New Orleans.

United States Steamer San Jacinto, was to leave Havana on the 24th.

The Steamer Fulton and the sloop-of-war Cayonne were at Havana.

Steamer Eldorado was to sail for Aspinwall on the 24th.

Sugar quiet, increased duties on Great Britain had not materially affected prices; stock in Havana about 200,000 boxes, and in Mantanzas about 40,000; molasses in brisk demand at full rates, and holders demanding higher prices, sales at 3¼ reals per keg.

Building Lots for Sale

WE are now prepared to sell the lots in block 129, known as the City garden. The lots in this block have twelve years growth of all kinds of fruit trees, shrubbery, and vines, and it is the most delightful spot for private residences in the city. There is also, on two of the lots, a large greenhouse, containing more than sixteen hundred different kinds of plants, with a good dwelling house, well, two cisterns, and every other convenience usually found in a well kept garden. We wish to give those wanting homes of their own, and do not wish to build on leased lots, a good chance to buy a homestead, that will more than double its value in three years. We will therefore sell the above in one or more lots for one-fourth down, the balance in one, two, and three years, with interest at 8 per cent. Call and see us before buying elsewhere. HOLD ON!
To Lumbermen and Shingle Mongers.
WAIT TILL YOU HAVE SEEN
Stevens & Kidder's Patent
FOR RIVING & SHAVING SHINGLES.

THIS MACHINE has the preference over all other like Machines in the simplicity of its mechanism and the perfection of its work, as well as in the first cost of the Machine, and the economy of running it.

It rives with a blunt and moveable knife, and shaves by passing the shingle between two knives, thereby shaving both sides at the same time, and on a true and equal taper. The Patent has been sold in several counties, and machines are now in operation in Jefferson, Sauk and Portage counties.

This Machine manufactures from 10,000 to 20,000 shingles per day—requires only a two-horse power, and costs $175.

Again, we say, wait till you see this Machine. A Model of the Machine can be seen at W. P. FLANDERS' Office, Ludington's Block, East Water street, where one of the subscribers will be in attendance.

PROCLAMATION
To the Sick.

BRING hither "the poor, the halt, the lame and the blind," if you would have them healed of their many infirmities. We boldly and fearlessly assert that the Mustang Liniment will positively cure Rheumatism. Let any one who is afflicted with that most painful disease but try it thoroughly according to directions, and if they are not cured we will give them their money back. What more can we say? It will also cure the piles. Thousands have tried it—and all were cured. Bruises, Sprains, Cuts, Eruptions fade away as if touched with the magician's wand. Its application to Burns or Scalds are like "oil upon troubled waters." The tempest of pain and agony is soon stilled, and the patient is lulled to quiet and peaceful slumbers. "There is a balm for every wound," and that balm is the Mustang Liniment. Every one that sells medicine keeps it for sale. "If lame your horses," and if they are crippled, galled or spavined, use the Mustang Liniment. In a word it is

A BALM FOR EVERY WOUND, A CURE FOR
Rheumatism, Scald-Head, Gout, Neuralgia, Caked Breast, Stiff Joints, Lumbago, Sore Nipples, Bruises, Sprains, Sore Shins, Cuts, Salt Rheum, Burns, Chafes, Tetter, Scalds, Galls, Piles, Ulcers, Spavin, Sprint, Ring-Bone, Sweeny, Poll Evil, Scratches, sores, Hard Lumps or Tumors, and of all kinds of

Pains or Inflamation in Man or Beast.

RELIABLE EVIDENCE.

BLOOMFIELD, Mo., January 15, 1854.

Messrs. A. G. Bragg & Co.,

DEAR SIRS, Allow me to add my testimony to the excellent properties of your Mustang Liniment, in cases of burns or scalds. I had a son badly burned in his face and hands by powder. It was expected that he would be badly scarred for life. We applied the Liniment with raw cotton, and nothing else, and in one week he was entirely well and left no scar, or mark whatever. My wife used it in a case of scald from boiling-hot coffee and it had the same good effect.

Yours, truly, D. B. MILLER, County Judge.

RUSSELL COUNTY, Ala., Feb. 1, 1852.

For the benefit of the afflicted, I feel it my duty to state publicly the remarkable cures that have been effected in my family by the use of the Mustang Liniment. A negress of mine had what is called a Bone-felon, or [illegible] on her finger. The Inflammation had been so severe, that the whole finger had become a mass of corruption, and the only hope of saving her hand and perhaps her life, appeared to be to have it cut off. As her general health was very delicate, the Physician proposed to try the Mustang Liniment a few days, till she could be sent to a surgeon in Columbus, as it could do no harm and might prevent mortification. To the astonishment of the doctor and myself the pain soon ceased, the inflammation subsided, and the wound rapidly healed. The finger is perfectly well and sound. One of my boys was severely burned; the skin was entirely taken off from the knee to the ankle. The Mustang Liniment was freely applied, and nothing else was used. The relief and cure seemed almost beyond belief; but a short time elapsed before the wounds were perfectly healed. I consider it an invaluable remedy, and it should be in every family and on every plantation.
[illegible] PHILIPS.

NOTHING NEW—BUT EVEN TRUE.—It would be nothing new to say that the Mustang Liniment had been and was now more used in the United States than any other preparation. But it would be true to say that it has been more uniformly successful in healing wounds, bruises, burns, cuts, and all manner of sores; as well as piles, erysipelas, pains or lameness in the back, side or limbs, than rheumatism, any other remedy. These are facts that millions of persons know from having used it. We say millions, and base the assertion on the fact that over fifteen millions of bottles have been used, and we never heard a complaint against it, where it has been used as directed and used thoroughly. We deem it necessary occasionally to remind the people of these facts, to induce those to try it who may never have had an occasion to use it. One trial is all we ask the most incredulous, and such a trial will only cost 25 cents.

PRICES.—It is put up in bottles of all sizes, and retailed at 25 cents, 50 cents, and $1 per bottle. The fifty cent and one dollar bottles contain three times as much as the twenty-five cent size in proportion to their cost. The large bottles are the cheapest.

RHODES'
FEVER AND AGUE CURE,
OR,
Nature's Infallible Specific.

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Dumb Ague, General Debility, Night Sweats, and all other forms of disease which have a common origin in Malaria or Miasma. This subtle atmospheric poison which at certain seasons is unavoidably inhaled at every breath, is the same in character wherever it exists,—North, South, East or West,—and will everywhere yield to this newly discovered antidote, which is claimed to be the greatest discovery in medicine ever made.

This specific is so harmless that it may be taken by persons of every age, sex or condition, and it will not substitute for one disease others still worse, as is too often the result in the treatment by Quinine, Mercury, Arsenic, and other poisonous or deleterious drugs, not a particle of any of which is admitted into this preparation.

The proprietor distinctly claims these extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA.

It will entirely protect any resident or traveller, even in the most sickly or swampy localities, from any Ague or Billious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered any length of time, from one day to twenty years, so that they need never have another chill, by continuing its use according to directions.

It will immediately relieve all distressing results of Billious or Ague diseases, such as general debility, night sweats, &c. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.

Finally, its use will banish Fever and Ague from families and all classes. Farmers and all laboring men by adopting it as a preventative will be free from [illegible] Billious attacks in that season of the year which, while it is the most sickly, is the most valuable one to them.

One or two bottles will answer for ordinary cases, some may require more.

Directions printed in German, French and Spanish, accompany each bottle.

Price One Dollar. Liberal discounts made to the trade. Trade circulars forwarded on application, and the article will be consigned on liberal terms to responsible parties in every section of the country.

Something
NEW!
AT THE
my14-3m

DR. C. P. FITCH,
Dentist,
(LATE OF NEW YORK CITY,)

HAS THE PLEASURE OF ANNOUNCING TO THE Citizens of Milwaukee, that he has opened Rooms in the Law Buildings, Wisconsin Street, FOR DENTAL OPERATIONS.

Dr. F. introduces to this community the New Method of constructing Artificial Dentures on Platinum, called DR. J. ALLEN'S

Continuous Gum Work,

combining cleanliness, great beauty, with life-like expression, strength, utility, and restoration of the form and contour of the face. This work is unequalled, and stands preeminently first, and will sooner or later take the precedent over the various kinds of Artificial Dentures manufactured in this or any other country. Specimens may be seen at his Room any time during office hours.

After twelve years experience in dental practice, Dr. F. takes great pleasure in warranting all operations in the mouth, such as Gold Stoppings, Gold Plates, Teeth on Pivots, Teeth regulated, cleansed and extracted, &c.

Strict attention will be paid to all diseases arising from or in any way connected with decayed teeth. Also, counsel given in reference to the management of children's teeth. Advice and counsel given without charge.

Office hours from 8 A. M. to 1 P. M., *from 2 to 6 P. M.*, and from 7 to 9 P. M.

A NEW BOOK FOR AGENTS!
THE MOST POPULAR BOOK OF THE SEASON!
"The Papal Conspiracy Exposed,
AND PROTESTANTISM DEFENDED."
BY REV. EDWARD BEECHER, D. D.

THIS BOOK IS DESTINED TO HAVE THE MOST extensive sale of any Book published. It treats upon a subject which, at this period, is one of the greatest interest to every American citizen, and is handled in the most masterly manner by Dr. Beecher. It has never yet been circulated in any of the Western States, and its proposed sale will be by Agents, so that it affords a most excellent chance for active and enterprising agents to make a profitable business by canvassing for it. Those who wish to engage in the work must apply immediately, as the best territory for canvassing in will be given to those who first engage. The size of the Book is 432 pages, 12 mo., bound in cloth, with gilt back, and appropriately illustrated. Retail price $1,25.

A Desirable Farm for Sale!
CRUMMEY'S MODEL FARM,
IN THE TOWN OF
Summit, Waterville, Waukesha Co.

THIS FARM RUNS INTO THE PLEASant village of Waterville. Post office a hundred rods from the House, and Mail Stage passes every day. It is situated between the Milwaukee & Mississippi and the Milwaukee & Watertown Railroad. It is five miles from the Depot of the former, and seven from the latter; three and a half miles from Nashotah Mission and Delafield, and twenty-five miles from Milwaukee. There is a splendid School House adjoining the farm. On the farm is a beautiful Lake, which abounds with Fish. The farm contains 360 acres, 250 acres under a high state of cultivation; 160 acres in Timothy and Clover; 120 under plow; the balance in good pasture land, and 80 acres of a beautiful grove of oaks. The farm is divided and fenced off into 20 acre fields, and is one of the best watered farms in the State.

On the farm there is a SPLENDID COTTAGE DWELLING HOUSE, containing two large Parlors, a large Sitting Room, large Dining Room and Kitchen, a good Cellar and Cistern underneath, a splendid well of water with a chain pump, 8 chambers, for family use, besides others to accommodate hired help.

The grounds in front and around the House are beautifully laid out with Shrubbery, Ornamental Trees, and Fruit of all descriptions. A large Wash-house, Poultry house, Wood-shed, &c. A fine large vegetable garden with all kinds of Currants, Gooseberries, Raspberries, and 20 bearing Grape Vines of the choicest kinds.

On the farm is an ORCHARD of 1200 trees, covering 8 acres, of Apple, Pear, Peach, Plum, Cherry and Quince most of which have been in bearing for the last two years.

On the farm is a large barn, 60 by 40, a large horse stable, which will accommodate 20 head of horses, stabling for 50 head of horned cattle, with stalls, calf pens, &c. Sheep sheds to accommodate 1000 head of sheep. All of these buildings are two stories high, with chain pump in the barn yard to water stock in winter. A large Granary 40 by 30, with hog pens underneath; a work-shop, tool-house, &c.

There is also a beautiful Sail Boat on the Lake, with a full set of sails. There has been no expense spared to improve and make this the best farm in the State. It must be seen to be appreciated. The stock and farm will be sold together or separate.

For further information, terms, &c., apply to the subscriber on the premises, or by mail to Waterville, Waukesha Co., or to D. G. POWER, Real Estate Agent, Milwaukee.
JAMES M. CRUMMEY,
my25 dtf Waterville, Waukesha Co.

FOR SALE.

A VERY DESIRABLE LAKE FARM, EMbracing one of the most delightful country residences in Wisconsin, 25 miles from Milwaukee, on the Milwaukee & Watertown Railroad and Plank Road.

The subscriber offers at private sale, READLAND, the well known farm upon which he now resides, situated about two miles from the village of Hartland, Waukesha Co., and containing about 250 acres, 200 of which are under cultivation, well fenced, and divided into convenient fields.

This body of land is unsurpassed in richness and productiveness of soil, and for beauty of scenery and location, acknowledged to be one of the most desirable residences in the State. It is bounded upon the West, to a large extent, by Pine Lake, one of the largest and most beautiful of our inland Lakes, giving it superior advantages for water power and bathing, and the Lake abounds with fish and game in great variety.

Situated upon the Milwaukee & Watertown Rail and Plank Roads, and within a short walk of Pine Lake Station and Hartland Depot, it is easy of access and communication with Milwaukee, affording ready market for all kinds of produce, besides good stores and grist mills in the neighboring villages of Delafield, Hartland and Oconomowoc.

The Nashotah Theological Seminary is within 3 miles, and churches and schools convenient. The land is in a high state of cultivation, has always been manured with cropping, a large portion has been seeded down, and it admirably possesses all the requisites for a good sheep and stock farm.

The improvements consist of a good frame Dwelling House, with well and good water attached, frame Tenant House, a large Barn, 50X36, Ice House, Cattle Shed, &c. Also a young and thrifty Apple Orchard upon the premises, with abundance of Strawberries and Raspberries. Possession given at an early day, if desirable.

For further particulars apply to GEO. R. M'LANE, on the premises, or by mail to Pine Lake P. O., Waukesha Co., Wis., or to D. G. POWER,
Real Estate Agent, Milwaukee, Wis.

PIANO FORTES
—AT—
GREAT BARGAINS!
No. 11, Spring Street.

I INFORM THE PUBLIC OF MILWAUKEE AND vicinity that I will sell for one month, all the Pianos on hand, at

Boston Wholesale Prices!

Those who want to secure a GOOD TONED, CHEAP and WARRANTED PIANO FORTE, will find it to their interest to call early. I will sell elegant 6¾ octave, Rosewood, round cornered Piano Fortes at the

Extreme Low Price of $225 apiece.

These Pianos are all with the celebrated Patent American Action, manufactured by George Hews, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which is the following:

The American Action Piano at the Great London Fair.
BOSTON, August 14, 1852.

The undersigned, who were officially associated with the *Great Exhibition* in London, are happy to bear testimony to the commendations bestowed on the instrument manufactured by our townsman, Mr. George Hews, by gentlemen capable of appreciating both the tone of a Piano, as well as its external finish and elegance of workmanship. The unrivalled Pianist, THALBERG, who was on the musical jury, pronounced it one of the *sweetest* as well as *most perfect toned instruments* in the exhibition.

EDWARD RIDDLE, United States Commissioner to London Exhibition of 1851.
J. V. C. SMITH, M. D.

☞ Pianos to let, old Pianos taken in exchange, and liberal prices allowed. Pianos tuned and repaired. Orders for tuning Pianos, directed to Box 946, Post Office, will be promptly attended to.

BY THE LATE ACT OF CONGRESS, 160 ACRES BOUNTY LAND (deducting number of acres heretofore received, if any) are given to each Commissioned and non-Commissioned Officer, Musician, private, teamster and wagon-master, whether of the regulars, volunteers, rangers or militia, and to each officer, marine, seaman, clerk, and landsman in the Navy, who served in the War of the Revolution, or in any War in which this country has been engaged since 1790, for the term of FOURTEEN DAYS.

In case the person serving as above has deceased, his widow is entitled to the benefits of the Act.

If the widow has deceased, or is now married, the minor children are entitled to the benefits of this Act.

BOUNTY LAND for those entitled to it, and PENSIONS under the several Acts of Congress, obtained by

DIGHTON CORSON,
Attorney and Counsellor at Law,
Juneau Block, East Water St., Milwaukee.

N. B.—Forms, with full instructions, will be sent by mail to any person wishing to apply for Bounty Land.—The necessary papers can be executed by the applicant without leaving home.

NATIONAL LOAN FUND
LIFE ASSURANCE SOCIETY,
LONDON.

CAPITAL, - - - - $2,500,000.
Guarantee Fund, $100,000, Deposited with the Comptroller of the State of New York.

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have. Human existence must as consideration, enjoy a much higher estimation than worldly property.

While the representative of a family lives, (although, through neglect to insure his *property*, he becomes bankrupt,) he supports his family; but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comforts during life.

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the *premium* is not increased.

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute.

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, *should insure*.

The farmer who has still a mortgage on his farm, *should insure*, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

NEW YORK MARKET.

New York, May 29—6,30 P. M.

Flour—Transactions moderate and for lower grades somewhat irregular. Very common grades rather forced on the market, while better grades are more firmly held. Sales 6000 bbls. at 10,12½ a10.50 for common to good Ohio, Mich. and Ind. 11,37½a12 for extra Genessee. Canadian in good demand—firmly held, while there is less enquiry for the better kinds—market scarcely so firm—sales 2500 bbls. at 10,31½a11,25. No good straight lots of common could be bought at less than 10.50.

Grain—Wheat market unchanged, supply limited. Genesee scarcely to be found in market—last sale made at 2,80, but we do not think it would bring over 2,70a2,75—10,000 bush good white Mich. 2,65. A lot good white Canadian offered at 2,60 to arrive soon.

Rye—strictly northern held at 1,70, some small parcels inferior had been sold low as 1,60a1,65.

No sales of barley for some little time past, and it is difficult to quote correctly

Corn—supply large. Principally inferior. Western—none fit for shipment. Market is easier—sales 98,000 bush 1,05a1,07 for inferior to good new western, 1,09a1,10 for old do.

Oats—good demand at still better prices, sales 78a80 for state, 82a84 for western.

Whiskey—38a38½.

Provisions—pork easier for new mess and steady for old. Sales 1200 bbls 16,68¾ for old mess, 17,50a17,62 for new do, 14,62 for new prime, including 300 bbls uninspected new mess 17,25. Beef fair request—market buoyant—sales 200 bbls at 8,75a9,50 for country prime. 10a10,50 for do mess, 15a15,50 for repacked western.

New York, May 29.

It is now given out that the 10th June has been fixed upon for the departure of the Kinney Expedition. In the mean time, it is stated, the U. S. steamers *Vixen, Corwin, City of Boston*, and the Revenue Cutter have been stationed in the vicinity of the dock of the steamer, prepared at any moment, should she attempt to depart.

Trenton, May 29.

The democrats here fired 100 guns this P. M. in honor of Wise's election.

BUFFALO MARKET,

Buffalo, May 29th, 6 P. M.

Flour—in request to-day, and a shade easier for Upper Lake—other descriptions unchanged. Sales 1500 bbls at 9,25a9,69 for the range of good to fancy Wis—9,75 for choice Ill. 10,00 for do. Mich. and 10,50 for favorite extra Indiana.

Wheat quiet—sales 4000 bush upper Lake Spring at 1,95 and 600 red Wis. at 2,15—Corn dull and quiet—sales 20,000 bush at 90, closing with buyers below even this figure. Oats in good inquiry.

Sales 8000 bus at 61½a64, and 25,000 bus to arrive at 62½. Canal freights unchanged—receipts of 24 hours ending noon to-day—Flour 4975 bbls, wheat 15,918 bush, corn 65,055 bush, oats 12,200.

Virginia Election.

Baltimore, 29.

Official returns 110 counties give Wise 10,781 majority. 32 counties yet to hear from, which gave Pierce 59 majority.

New York, May 29.

The expedition in search of Dr. Kane, is now ready for sea. The vessels have been hauled out of the navy yard and will depart on Thursday next. They will take out with them a marble table with a suitable inscription upon it as a tribute in the Franklin expedition, which has been prepared by Mr. Grinnell, at the request of lady Franklin, and will be erected on Beechy Island by the side of that commemorating the fate of the gallant Lieut. Ballot.

The democrats of this city are to have a proud demonstration on Thursday evening, expressive of their joy at their victory in Virginia, one hundred guns are to be fired in the Park, and the presence of Mr. Wise at the meeting in Tammany Hall is confidentially looked for.

It is said that three vessels of war in the port are under instructions to prevent the departure of the steamship United States with the Kinney expedition.

While 100 guns were being fired in honor of Mr. Wise's election, a premature discharge, dangerously, but not fatally injured a man named Huchison, both of his arms were broken and his head and face dreadfully mingled.

Boston, May 29.

The Police Court was densely crowded this A. M., to witness the trial of Paran Stevens, Lewis Rice, Harvey D. Parker and other leading liquor dealers, whose cases were postponed from last week. Hon. Samuel D. Parker, R. H. Dana and other prominent counsel appeared for the defendants, but the Court rather unexpectedly ordered the discharge of the defendants, on the ground that the complaint was void from indefiniteness. The complaint charges the selling of intoxicating or spurious liquors.

Justice Russell quoted the unanimous decision of the Supreme Court in a similar case. The result caused much excitement.

Washington, May 28.

The friends of Mr. Wise are now firing from the Capitol 100 guns in honor of his election.—Mr. Wise left for Accomac at 3 o'clock this afternoon.

Building Lots for Sale

WE are now prepared to sell the lots in block 129, known as the City garden. The lots in this block have twelve years growth of all kinds of fruit trees, shrubbery, and vines, and it is the most delightful spot for private residences in the city. There is also, on two of the lots, a large greenhouse, containing more than sixteen hundred different kinds of plants, with a good dwelling house, well, two cisterns, and every other convenience usually found in a well kept garden. We wish to give those wanting homes of their own, and do not wish to build on leased lots, a good chance to buy a homestead that will more than double its value in three years. We will therefore sell the above in one or more lots for one-fourth down, the balance in one, two, and three years, with interest at 8 per cent. Call and see us before buying elsewhere. HOLD ON!
To Lumbermen and Shingle Mongers.
WAIT TILL YOU HAVE SEEN
Stevens & Kidder's Patent
FOR RIVING & SHAVING SHINGLES.

THIS MACHINE has the preference over all other like Machines in the simplicity of its mechanism and the perfection of its work, as well as in the first cost of the Machine, and the economy of running it.

It rives with a blunt and moveable knife, and shaves by passing the shingle between two knives, thereby shaving both sides at the same time, and on a true and equal taper. The Patent has been sold in several counties, and machines are now in operation in Jefferson, Sauk and Portage counties.

This Machine manufactures from 10,000 to 20,000 shingles per day—requires only a two-horse power, and costs $175.

Again, we say, wait till you see this Machine. A Model of the Machine can be seen at W. P. FLANDERS' Office, Ludington's Block, East Water street, where one of the subscribers will be in attendance.

PROCLAMATION
To the Sick.

BRING hither "the poor, the halt, the lame and the blind," if you would have them healed of their many infirmities. We boldly and fearlessly assert that the Mustang Liniment will positively cure Rheumatism. Let any one who is afflicted with that most painful complaint try it thoroughly according to directions, and if they are not cured we will give them their money back. What more can we say? It will also cure the Piles. Thousands have tried it—and all were cured. Bruises, Sprains, Cuts, Eruptions fade away as if touched with the magician's wand. Its application to Burns or Scalds, is like oil upon troubled waters. The tempest of pain and agony is soon stilled, and the patient is lulled to quiet and peaceful slumbers. "There is a balm for every wound," and that balm is the Mustang Liniment. Every druggist that sells medicine keeps it for sale. "Hold your horses," and if they are crippled, galled or sprained, use the Mustang Liniment. In a word it is

A BALM FOR EVERY WOUND, A CURE FOR
Rheumatism, Scald-Head, Gout, Neuralgia, Caked Breast, Stiff Joints, Lumbago, Sore Nipples, Bruises, Sprains, Sore Shins, Cuts, Salt Rheum, Burns, Chafes, Tetter, Scalds, Galls, Piles, Ulcers, Spavin, Sweeney, Ring-Bone, Sweeny, Poll Evil, Scratches, Sores, Hard Lumps or Tumors, and of all kinds of

Pains or Inflammation in Man or Beast.
RELIABLE EVIDENCE.

BLOOMFIELD, Mo., January 15, 1854.

Messrs. A. G. BRAGG & Co.,

DEAR SIRS, Allow me to add my testimony to the excellent properties of your Mustang Liniment, in cases of burns or scalds. I had a son badly burned in his face and hands by powder. It was expected that he would be badly scarred for life. We applied the Liniment with raw cotton, and nothing else, and in [illegible] it was entirely well and left no scar, or mark whatever. My wife used it in a case of scald from boiling-hot [illegible] and it had the same good effect.

Yours, truly, D. B. MILLER, County Judge.

RUSSELL COUNTY, Ala., Feb. 1, 1852.

For the benefit of the afflicted, I feel it my duty to state publicly the remarkable cures that have been effected in my family by the use of the Mustang Liniment. A negress of mine had what is called a Bone-felon, or [illegible] on her finger. The inflammation had been so severe, that the whole finger had become a mass of corruption, and the only hope of saving her hand and perhaps her life, appeared to be to have it cut off. As her general health was very delicate, the Physician advised me to try the Mustang Liniment a few days, till she could be sent to a surgeon in Columbus, as it could do no harm and might prevent mortification. To the astonishment of the doctor and myself, the pain soon ceased, the inflammation subsided, and the wound rapidly healed. The finger is perfectly well and sound. One of my boys was severely burned; the skin was entirely taken off from the knee to the ankle. The Mustang Liniment was freely applied, and nothing else was used. The relief and cure was almost beyond belief; but a short time elapsed before the wounds were perfectly healed. I consider it an invaluable remedy, and it should be in every family and on every plantation. JAMES PHILIPS.

NOTHING NEW—BUT EVEN TRUE.—It would be nothing new to say that the Mustang Liniment had been and was now more used in the United States than any other preparation. But it would be true to say that it has been more uniformly successful in healing wounds, bruises, burns, cuts, and all manner of sores; as well as piles, erysipelas, pains or lameness in the back, side or limbs, than rheumatism, any other remedy. These are facts that millions of persons know from having used it. We say millions, and base the assertion on the fact that over fifteen millions of bottles have been used, and that never heard a complaint against it, where it has been used as directed and used thoroughly. We deem it necessary occasionally to remind the people of these facts, to induce those to try it who may never have had an occasion to use it. One trial is all we ask the most incredulous—and such a trial will only cost 25 cents.

PRICES.—It is put up in bottles of all sizes, and retailed at 25 cents, 50 cents, and $1 per bottle. The fifty cent and one dollar bottles contain three times as much as the twenty-five cent size in proportion to their cost. The large bottles are the cheapest.

RHODES'
FEVER AND AGUE CURE,
OR,
Nature's Infallible Specific.

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Dumb Ague, General Debility, Night Sweats, and all other forms of disease which have a common origin in Malaria or Miasma. This subtle atmospheric poison which at certain seasons is unavoidably inhaled at every breath, is the same in character wherever it exists,—North, South, East or West,—and will everywhere yield to this newly discovered antidote, which is claimed to be the GREATEST DISCOVERY IN MEDICAL SCIENCE.

This specific is so harmless that it may be taken by persons of every age, sex or condition, and it will not substitute for one disease others still worse, as is too often the result in the treatment by Quinine, Mercury, Arsenic, and other poisonous or deleterious drugs, not a particle of any of which is admitted into this preparation.

The proprietor distinctly claims these extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA.

It will entirely protect any resident or traveler, even in the most sickly or swampy localities, from any Ague or Bilious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered any length of time, from one day to twenty years, so that they need never have another chill, by continuing its use according to directions.

It will immediately relieve all distressing results of Bilious or Ague diseases, such as general debility, night sweats, &c. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.

Finally, its use will banish Fever and Ague from families and all classes. Farmers and all laboring men by adopting it as a preventative will be free from Ague or Bilious attacks in that season of the year which, while it is the most sickly, is the most valuable one to them.

One or two bottles will answer for ordinary cases, some may require more.

Directions printed in German, French and Spanish, accompany each bottle.

Price One Dollar. Liberal discounts made to the trade.

Trade circulars forwarded on application, and the article will be consigned on liberal terms to responsible parties in every section of the country.

THE FOLLOWING RICH AND VALUable Property situate at the beautiful and thriving village of Kingston, Marquette County, Wis., is offered for sale to close a concern, at a low price and on reasonable terms, to-wit:

The Kingston Flouring Mill and Saw Mill, both in perfect running order; the water power is ample and unfailing.

1 Dwelling House, now rented.
12 Village Lots—valuable.
100 acres of choice land, adjoining Kingston Village.

This magnificent property is within 4 miles of the navigable waters of the Fox River, by which the transportation of Flour may be made at lower rates to Buffalo than from Watertown, Beaver Dam, &c., during the season of Lake navigation. The country around is one of the richest grain growing regions in the State. Apply to

QUEEN'S PATENT

PORTABLE

FORGE

AND

BELLOWS!

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe

There are six sizes of Blacksmiths, Coppersmiths, &c Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot air chamber through several holes in the Twier cup, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening For out-door work and for safety in doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in doors, (particularly for Jewelers, Dentists and for chemical operations) all the fumes from charcoal and acids being conducted through the smoke pipe or when open they are entirely out of the way, it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries ever offered to the public, and are successfully used by most of the steamers, and also by the U S Army and Navy For sale by

PATENT MEDICINES.

AYER'S PILLS.

A NEW and singularly successful remedy for the cure of all Billious diseases, Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back and Limbs, Female Complaints, &c, &c. Indeed very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used No person can feel well, while a costive habit of body prevails, besides, it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative This is alike true of Colds, Feverish symptoms, and Billious derangements They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything ever known of any medicine Cures have been effected beyond belief, were they not substantiated by persons of such exalted positions and character, as to forbid the suspicion of untruth

Among the eminent gentlemen who have testified in favor of these Pills, we may mention

Doct A A HAYES, Analytical Chemist of Boston and State Assayer of Massachusetts, whose high Professional character is endorsed by the—

Hon EDWARD EVERETT, Senator of the United States

ROBERT C WINTHROP, Ex Speaker of the House of Representatives

ABBOTT LAWRENCE Minister Plen to England

JOHN B FITZPATRICK Catholic Bishop of Boston, &c

Dr J R CHILTON, Practical Chemist of New York City endorsed by

Hon. W. L MARCY, Secretary of State

WM B ASTOR, the richest man in America

S LELAND & Co, Proprietors of the Metropolitan Hotel, and others

Did space permit, we could give many hundred certificates from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men, is found in their effects upon trial

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford—They are compounded not of the drugs themselves but of the medicinal virtues only of Vegetable remedies extracted by Chemical process in a state of purity, and combined together in such a manner as to insure the best results This system of composition for medicines, has been found in Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process The reason is perfectly obvious While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect, is present All the inert and obnoxious qualities of each substance employed are left behind the curative virtues only being retained Hence it is self evident the effects should prove as they have proved, more purely remedial and the Pills a more powerful antidote to disease than any other medicine known to the world

As it is frequently expedient that many medicines should be taken under the counsel of an attending Physician, and as he does not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made, to the whole body of Practitioners in the United States and British American Provinces If however, there should be any one who has not received them, they will be forwarded by mail to his request

Of all the Patent Medicines that are offered, how few would be taken if their composition was known Their life consists in their mysteries I have no mysteries

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely, acknowledge their convictions of their intrinsic merits The Cherry Pectoral was pronounced by scientific men, to be a wonderful medicine before its effects were known Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial

They operate by their powerful influence on the internal viscera to purify the blood, and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and health and by correcting, wherever they exist, such derangements as are the first origin of disease

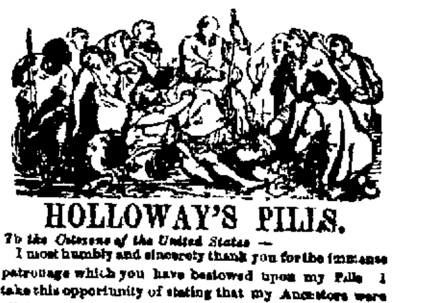
THE AMEICAN'S FRIEND!



HOLLOWAY'S PILLS.

To the Citizens of the United States —

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York

THOMAS HOLLOWAY,

38, *Corner of Ann and Nassau Streets, New York*

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach The fair sex, perhaps the most handsome in the World at a certain period lose their teeth and good looks while yet in the hey day of life These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly I say fearlessly, that health and life may be prolonged *for years beyond the ordinary limits*, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING

Captain John Johnson, of Astor House New York, suffered for ten years from a derangement of the Liver and Stomach and was so reduced in strength that he never expected to go to sea any more having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months and he now enjoys the soundest health

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague	Dropsy	Liver Complaints	Secondary Symptoms
Asthma	Dysentery	Lumbago	Tic Doloureux
Billious Complaints	Erysipelas	Piles	Tumours
Blotches on the Skin	Female Irregularities	Rheumatism	Ulcers
Bowel Complaints	Fevers of all kinds	Retention of Urine	Venereal Affections
Colics	Fits	Scrofula, or King's Evil	Worms of all kinds
Constipation of the Bowels	Gout	Sore Throats	Weakness from what ever cause, &c
Consumption	Head ache	Stone and Gravel	
Debility	Indigestion		
	Inflammation		
	Jaundice		

*** SOLD AT THE ESTABLISHMENT OF PROFESSOR HOLLOWAY 38, Corner of Ann and Nassau Streets, New York also by all respectable Druggists and Dealers in Medicine throughout the United States in Boxes, at 37½ cents, 87 cents, and $1,50 cents each To be had Wholesale of the principal Drug Houses in the Union

DR. J. B. B. CHISPAN'S

CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Females

IT STANDS PRE eminent [illegible] the [illegible] all the diseases for which it is recommended usually called

Female Complaints

Of these are [illegible] Falling of the Womb [illegible] Albus, or Whites [illegible] Chronic Inflammation of [illegible] Ulceration of the Womb [illegible] Flooding [illegible] Painful [illegible] Menstruation [illegible] with all their accompanying [illegible] except [illegible] matter how severe or how long standing.

The Catholicon for surpasses every other remedy in being more certain less expensive and leaving the system in better condition.

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhoea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty. JOHN C. ORRICK M. D. Baltimore, Md.

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help. Truly Yours, WM LAIRD HAZLETT M. D. July 6th, 1854 New Philadelphia Ohio

I must say, from my own experience and personal observations in my practice, it has proved [illegible] the best and [illegible] remedy for the difficulties for which it is recommended, viz: that of female weakness such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs. D. Y. FOOTE, M. D. Syracuse, N. Y.

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet [illegible] ample proof, from the most respectable sources, of the [illegible] official results of its use, together with letters from highly experienced Physicians, who have used it in their practice and speak from their own observations.

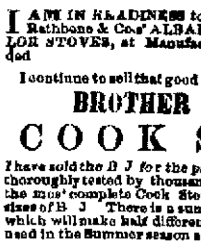
PORTABLE

FORGE

AND

BELLOWS!



THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot air chamber through several holes in the Twier cup, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in doors, (particularly for Jewelers, Dentists and for chemical operations) all the fumes from charcoal and acids being conducted through the smoke pipe or when open they are entirely out of the way, it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries ever offered to the public, and are successfully used by most of the steamers, and also by the U. S. Army and Navy. For sale by

PATENT MEDICINES.

AYER'S PILLS.

A NEW and singularly successful remedy for the cure of all Billious diseases, Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back and Limbs, Female Complaints, &c., &c. Indeed very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well, while a costive habit of body prevails, besides, it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything ever known of any medicine. Cures have been affected beyond belief, were they not substantiated by persons of such exalted positions and character, as to forbid the suspicion of untruth.

Among the eminent gentlemen who have testified in favor of these Pills, we may mention

Doct. A. A. HAYES, Analytical Chemist of Boston and State Assayer of Massachusetts, whose high Professional character is endorsed by the—

Hon. EDWARD EVERETT, Senator of the United States.

ROBERT C. WINTHROP, Ex Speaker of the House of Representatives

ABBOTT LAWRENCE Minister Plen. to England

JOHN B. FITZPATRICK Catholic Bishop of Boston, also

Dr. J. R. CHILTON, Practical Chemist of New York City endorsed by

Hon. W. L. MARCY, Secretary of State

WM. B. ASTOR, the richest man in America

S. LELAND & Co., Proprietors of the Metropolitan Hotel, and others.

Did space permit, we could give many hundred certificates from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men, is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves but of the medicinal virtues only of Vegetable remedies extracted by Chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines, has been found in Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect, is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self evident the effects should prove as they have proved, more purely remedial and the Pills a more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that many medicines should be taken under the counsel of an attending Physician, and as he does not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulae by which both my Pectoral and Pills are made, to the whole body of Practitioners in the United States and British American Provinces. If however, there should be any one who has not received them, they will be forwarded by mail to his request.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known. Their life consists in their mysteries. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely, acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men, to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood, and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and health and by correcting, wherever they exist, such derangements as are the first origin of disease.

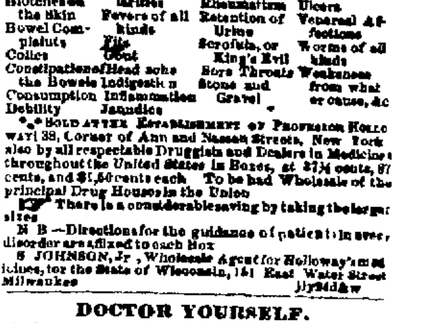
THE AMEICAN'S FRIEND!



HOLLOWAY'S PILLS.

To the Citizens of the United States—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York.

THOMAS HOLLOWAY,
38, Corner of Ann and Nassau Streets, New York

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps the most handsome in the World at a certain period lose their teeth and good looks while yet in the hey day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box.

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING

Captain John Johnson, of Astor House New York, suffered for ten years from a derangement of the Liver and Stomach and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months and he now enjoys the soundest health.

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague	Dropsy	Liver Complaints	Secondary Symptoms
Asthma	Dysentery	Lumbago	Tic Douloureux
Billious Complaints	Erysipelas	Piles	Tumours
Blotches on the Skin	Female Irregularities	Rheumatism	Ulcers
Bowel Complaints	Fevers of all kinds	Retention of Urine	Venereal Affections
Colics	Fits	Scrofula, or King's Evil	Worms of all kinds
Constipation of the Bowels	Gout	Sore Throats	Weakness from what ever cause, &c
Consumption	Head ache	Stone and Gravel	
Debility	Indigestion		
	Inflammation		
	Jaundice		

*** SOLD AT THE ESTABLISHMENT OF PROFESSOR HOLLOWAY 38, Corner of Ann and Nassau Streets, New York, also by all respectable Druggists and Dealers in Medicines throughout the United States in Boxes, at 37½ cents, 87 cents, and $1,50 cents each. To be had Wholesale of the principal Drug Houses in the Union.

There is a considerable saving by taking the larger sizes.
